The primary Constitutional objectives of the Institution are as follows:

OUR AIMS

1. To help you find and Know Yahweh our Elohim as HE really is and actually exists (Matt. 24:4, Matt. 11:27, 2 Thess. 1:7-8, Deut. 6:4, 2 Cor. 3:17, John 4:24).
2. To form a nucleus of Universal Brotherhood of Humanity in Yahshua the Messiah without distinction of Race or Nationality, Creed, Sex, Caste, or Color (Acts 17:26, Eph. 5:25-33, Acts 10:34).
3. To investigate the unexplained Spirit Law or so-called Law of Nature and the Powers latent in man (Rom. 8:1-4, John 1:9).
4. To encourage and promote the study of the Scriptures, comparative Religions, Psychology, Philosophy and Modern (practical and occult) Science (2 Tim. 2:15, John 5:39, Rom. 1:19-20).
5. To extirpate current superstition, skepticism, and ignorance (Psa. 19:7, John 8:32).
6. To Learn, Know, and Understand the operation of Yahweh's Eternal Purpose through the Dispensations and Ages (Eph. 1:9-10).
7. To Discern and Avoid being Deceived by Lucifer, the Serpent, the Devil, the Dragon or Satan and his demons, operating the Mystery Of Iniquity on Earth through the Dispensations of time (1 John 4:1-4, 2 Cor. 4:1-7, Rev. 12:8-10, 1 Tim. 4:1-3).
8. To earnestly contend for the Common Salvation and Faith which was once delivered to the Sons or Children of Yahweh (Jude 3, Gal. 4:6, John 1:12, 1 John 3:1).
9. To make known that Yahweh, from the beginning, ordained there is NO OTHER NAME given among men whereby man can be saved, saving THE NAME OF YAHSHUA THE MESSIAH (Acts 4:10-12, 1 Tim. 2:5, Phil. 2:9-10).
10. To inherit ETERNAL LIFE NOW in the Kingdom of Yahshua the Messiah, with the Hope of IMMORTAL GLORIFICATION in the NEW EARTH STATE (Eph. 1:13, 1 John 5:20, Titus 1:2, John 17:3, Col. 1:13).

## PREFACE

If we are to explain such a gigantic and stupendous revelation as how, when, where and for what Purpose the Universe was created, it is absolutely necessary that we get a few things learned which are not generally understood by Christendom; such as the True Hebrew Name and Title of the Unity of the Spirit of the Heavenly Father; rightly dividing the Dispensations and Ages; what the Scriptures are; instituting and fulfilling, etc.

In this article it is our purpose to inform you that there is stipulated in everyone's Bible, regardless of the translation, an infallible, unerring accurate account of Yahweh-Elohim, the Archetype (Original) Pattern of the Universe and also a thorough description of a Divine Pattern of the Tabernacle which was shown to Moses (in a vision) atop Mount Sinai in the year 1490 B.B.Y. (before the birth of Yahshua the Messiah). It is by a knowledge of the construction and operation of this Pattern in co-relationship to every created object in the Universe, whether visible or invisible, that will reveal How, When, Where and for What Purpose the Universe was created or any other divine subject in question.

### THE TRUE HEBREW NAME AND TITLES OF THE UNITY OF THE SPIRIT

In presenting this booklet, it is absolutely necessary that we get a true understanding of the Divine Unity of the Spirit, instead of the erroneous titles and names of Pagan idols or dieties such as Lord, God, Jesus Christ, Jehovah, etc., as used throughout organized Christendom, sects, cults, creeds, etc. the world over.

### INCORRECT TITLES AND NAMES

GOD	FATHER	1st PERSON
JESUS CHRIST	SON	2nd PERSON
HOLY SPIRIT	?	3rd PERSON

## CORRECT HEBREW NAME AND TITLE OF THE HEAVENLY FATHER

YAHWEH	FATHER
ELOHIM	WORD OR SON
YAHSHUA	HOLY SPIRIT

There never was an equivalent of the letter (J) in the Hebrew language, neither was there a (J) in any language until the Middle Ages; therefore, such names as Jehovah and Jesus are impossible renderings of the True Name of the Father and Son.

The True Hebrew Name of our Heavenly Father, Yahweh, is derived from the tetragrammaton YHWH with the vowels A and E, having been added to transliterate it pronounceable in the English language. The ineffable name, Yahweh, denotes that He is the Ultimate Source and Substance, the Limits and Bounds of everything that He created, both visible and invisible.

YAH denotes masculine and WEH denotes feminine. As a typical example, Adam was created both male and female within himself, with the woman (EVE) embodied within him and Elohim called their name ADAM (Gen. 5:1-2). Yahweh-Elohim caused a deep sleep to fall upon Adam and took a rib (BONE) and womb (FLESH) from him and made the woman and brought her unto the man, Adam (Gen. 2:21-22), whom he called Eve (Gen. 3:20). The vowel "A" taken from the name Adam and added to the YH making YAH, masculine of the name Yahweh, and the vowel "E" taken from the name Eve and added to WH making WEH, feminine of the name Yahweh, showing that HE, Yahweh, is both masculine and feminine within Himself.

Elohim is a plural title of Yahweh in Super Incorporeal Form (masculine and feminine) which is the Word or Son. This Incorporeal Form is seen only in Visions as seen by Moses and the prophets, etc.

Now, if Yahweh was manifested in Yahshua the Messiah reconciling the world unto Himself by Salvation through the blood of the cross (2 Cor. 5:19; Col. 1:20; Eph. 2:16), and SHUA means SALVATION, then it is very simple that His Name would have to be Yahshua.

If it is true that Yahshua the Messiah came in His Father's Name, as He said in John 5:43, then He must bear some portion of His Father's Name, for example, the Father's Name is Yahweh, YAH being masculine and WEH being feminine, therefore, it is absolutely necessary that He bear the masculine portion of His Father's Name YAH.

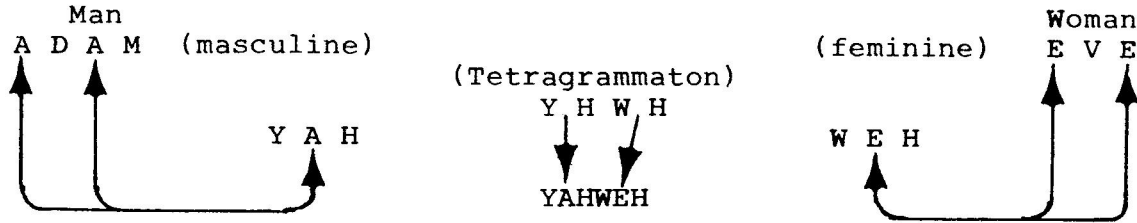

In this article we have used the King James Version and the Holy Name Bible, where we felt it necessary to bring out the True thought, but in either case we have used the True Hebrew Name and Title of the God of Israel. When certain applications were made we have used the abbreviations listed below. The Holy Name Bible used the Scofield Reference Bible as a foundation, published by the Scripture Research Association, Inc., 14410 S. Springfield Road Brandywine, Maryland 20613

King James Version -- K.J.V.  
 Holy Name Bible -- H.N.B.

It is positively impossible for Yahshua, who the world calls Jesus Christ to bear any similarity of the Father's Name using the titles of Lord or God, who they call the Heavenly Father.

Our last statement in admonition which we desire to make in presenting this article is in regards to a custom and tradition as taught by Christendom for over a thousand years which is the belief of the trinitarian concept of the Unity of the Spirit (Godhead) meaning that there are three (3) distinct Persons in the Unity of Spirit. This concept is WRONG, plus it is a product of a Carnal Mind. It is an absolute impossibility to understand the Purpose of Yahweh and the creation of the Universe without a true understanding of the structure of the Creator, Yahweh-Elohim, or the Unity of the Spirit. It is for this reason that we ask you to follow the instructions and Proven Facts of the Mysteries explained in this article as based upon the foundation of the relationship of the three (3) manifestations of the one (1) Spirit, (Unity of the Spirit), in order to understand the Subject, "CREATION OF THE UNIVERSE."

A E I O U are VOWELS (they are used to make words pronounceable)

The true HEBREW NAME of the Heavenly FATHER

## I N T R O D U C T I O N

"There is one body, and one Spirit, even as ye are called in one hope of your calling" (Ephesians 4:4).

Man has a physical or earthly body. Timothy calls them vessels of honor or vessels unto dishonor (11 Tim. 2:20-21). These physical bodies manifest and do testify unto the two manifestations of the one Spirit of Yahweh-Elohim (righteousness or unrighteousness, or the Mystery of Yahweh or the Mystery of Iniquity). Likewise, the Planets in our Solar System are physical heavenly bodies which portray or depict the Spirit of righteousness or unrighteousness.

The Divine Purpose and Plan of Yahweh-Elohim is revealed in the Pattern of the Tabernacle that was shown to Moses in Mount Sinai (Exodus 24th chapter). The structure and function of the Tabernacle, the Priesthood and the Tribes surrounding the Tabernacle dictate that all things are patterned and must conform, including the Planets in our Universe which is the greater and more perfect Tabernacle (Heb. 8:2; Heb. 9:11).

Yahweh-Elohim the Creator has provided man with a way to search out the heavens in order to obtain a knowledge of these heavenly bodies. All these and the whole creation were made to glorify the Creator of it as David wrote in the 19th Division of Psalms ...."The heavens declare the glory of El; and the firmament sheweth His handy work. Day unto day uttereth speech, and night unto night sheweth knowledge. There is no speech nor language, where their voice is not heard. Their line is gone out through all the earth, and their words to the end of the world. In them hath He set a Tabernacle for the sun."

### PSALMS 148 IS THE SUM:

Praise ye Yahweh, Praise ye Yahweh from the heavens: praise Him in the heights.

Praise ye Him, all His angels: praise ye Him, all His hosts.

Praise ye Him, sun and moon: praise Him, all ye stars of light,

Praise Him, ye heavens of heavens, and ye waters that be above the heavens.

Let them praise the Name of Yahweh: for He commanded, and they were created.

He hath also stablished them for ever and ever: He hath made a decree which shall not pass.

Praise Yahweh from the earth, ye dragons, and all deeps:

Fire, and hail; snow and vapours; stormy wind fulfilling His word:

Mountains, and all hills; fruitful trees, and all cedars:

Beasts, and all cattle; creeping things, and flying fowl:

Kings of the earth, and all people; princes, and all judges of the earth:

Both young men, and maidens; old men, and children:

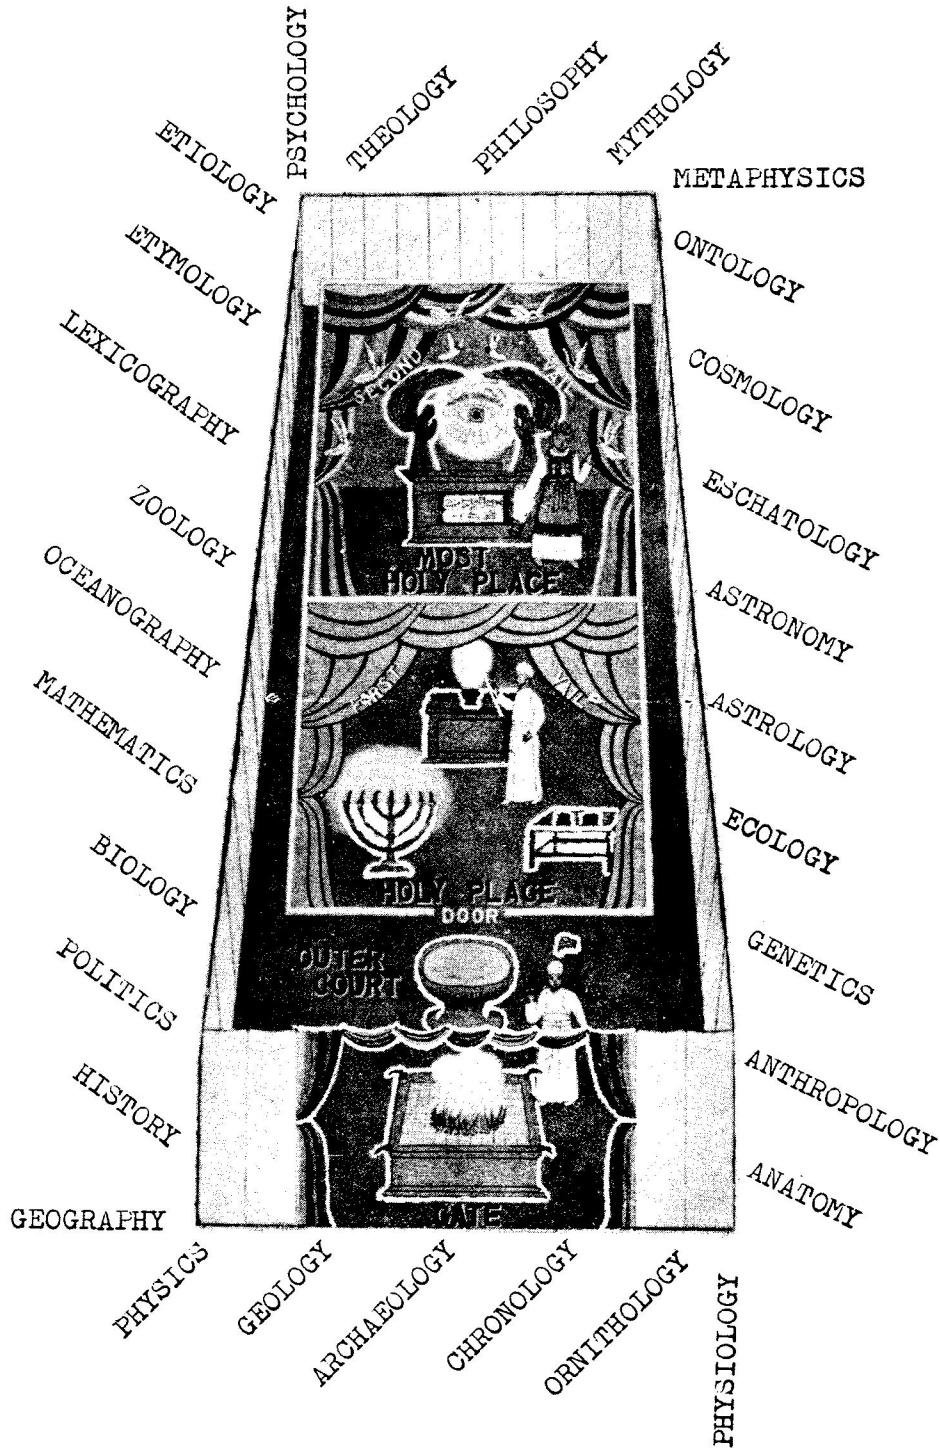

Let them praise the Name of Yahweh: for His Name alone is excellent; His glory is above the earth and heaven.

He also exalteth the horn of His people, the praise of all His sons; even the children of Israel, a people near unto Him.

THE SUN REPRESENTS THE SON OF YAHWEH

The Sun is, to the inhabitants of the Earth, the most important of astronomic bodies. First, it is the ruler of the Solar System, controlling the motions of the Earth and all other Planets, Comets and the streams of meteoric bodies, and influencing the motions of the satellites.

This radiant body is the only star whose features we can study in detail. Because it prefigures the bright and morning star (Rev. 22:16), who is Elohim the Son of Yahweh.

All Planets revolve around the Sun in an orderly fashion. Yahweh-Elohim (Son) transformed into the Intangible Tabernacle shown to Moses in Mount Sinai (Exodus 24th chapter) and admonished Moses to go down and build the Tabernacle just as he was shown it in the Mount. There were twelve tribes placed around this structure each having a specific job to do. Also there was a march order when moving the Tabernacle (Num. 10th chapter), which correlates with the planets, moon, stars, meteors etc. revolving around the sun.

Yahweh, who is Spirit which is His Pure State of existence (John 4:24), consists of nine principal Divine attributes; Intelligence, Wisdom, Knowledge, Love, Justice, Beauty, Foundation, Power and Strength, which describe Him.

Yahweh in making Himself known unto Moses, Aaron, Nadab, and Abihu and the Seventy Elders of Israel, caused these nine divine attributes to come together in a set and orderly position, which was the shape and form of a man, the Son, Elohim, which Moses describes in Exodus 24:9-10; and John the Revelator describes in the book of Revelation 1:12-17.

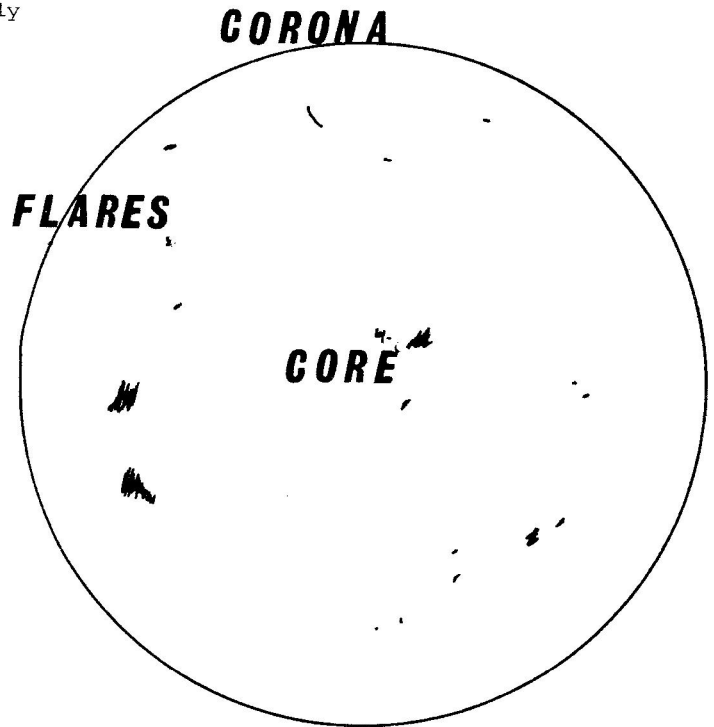

Therefore, the Sun being a figure or type of the true Son, gives off nine rays of energy, such as, Cosmic, Gamma, X-rays, Ultra-violet, Visible light, Infrared, Microwaves, Radio and Television Rays. These rays of energy being abstract and invisible to the eye (except Visible Light), also come together in a set and orderly fashion or arrangement, forming what is called the Electromagnetic Spectrum of Radiation, which is a form of energy that is transmitted by waves that travel through space at approximately 186,000 miles per second, which is the speed of light.

There are three basic terms used in the measurement of electromagnetic waves. Frequency (rate of vibration) means the number of waves per second. Wave length means the distance from the crest of one wave to the crest of the next succeeding wave. Velocity is the speed at which the waves travel through space.

CORONA (in astronomy) (a) a circle of light around the sun or moon.  
(b) the halo around the sun, seen only during a total eclipse.

FLARES Solar flares, the sudden, short-lived brightenings of small parts of the solar surface, also appear only in plagues.

CORE the heart and starting point of all its power.

The rainbow or visible light spectral colors are from red to violet and on the end is black light (black being the absence of color).

example: RED/ORANGE/YELLOW/GREEN/BLUE/VIOLET/BLACK

Amos 5:20 states, "Shall not the day of Yahweh be darkness, and not light? even very dark, and no brightness in it?" Isaiah 50:3 states, "I clothe the heavens with blackness -----."

Moses saw the darkness which covered the face of the deep in the beginning of the creation making darkness His (Yahshua's) secret place (Psa. 18:11). This is the seventh day (Sabbath) which Moses after describing the events of the creation (Gen. 1st chapter) from the first day to the sixth day, but the seventh day he says Yahweh rested. This seventh day being darkness (black-light), is where John the Revelator is also; and as black light on the end of the spectrum represents the seventh or Sabbath Day, it reveals; therefore, John is the Revelator, revealing or making known the hidden mysteries of Yahweh-Elohim and bringing to light the hidden Satanic Spirit and its mysteries.

Elohim, the Son is the beginning of the creation of Yahweh (Rev. 3:14), and John the Revelator looking back into the creation, describes Him according to the spectrum (see Rev. 1:12-15, Rev. 10:1-4).

"His head and His hairs were white like wool, as white as snow (is likened unto white light); and His eyes were as flames of fire, (in fire you have the colors: red, orange, yellow, green, blue and violet); and His feet were like unto fine brass, as if they burned in a furnace;"

When He comes into the flesh, He is known as Yahshua the Messiah, the HOLY GHOST and spectrum means GHOST. Yahshua being the light of the world, fulfills all things proving all things, will show that His is the true (spectrum) Ghost of which the Sun in the sky reflects. He is the light that came forth from the tribe of Judah, which numbered 186,400 the speed of light (Heb. 7:14; Num. 2:9).

#### FULFILLMENT BY YAHSHUA THE MESSIAH

"But He was wounded for our transgressions, He was bruised for our iniquities: the chastisement of our peace was upon Him, and with his stripes we are healed" (Isa. 53:5, 1 Pet. 2:24).

**BRUISE MARK** - a bluish, purplish and black discoloration caused by blood that accumulates under the skin, which ruptures small blood vessels. Plasma in the blood is yellow.

**WELT MARK** - a line or stripe raised on the skin by a blow.

As the Messiah was whipped and bruised, the marks caused welts to form, while the bruise marks caused the colors (spectrum) to manifest. He is showing the spectrum in His body. "Who is this that cometh from Edom, with dyed garments from Bozrah? this that is glorious in His apparel, travelling in the greatness of His strength? I that speak in righteousness, mighty to save. Wherefore art thou RED in thine apparel, and thy garments like Him that treadeth in the winefat? I have trodden the winepress alone; and of the people there was none with me: for I will tread them in mine anger, and trample them in my fury; and their blood shall be sprinkled upon my garments, and I will stain all my raiment" (Isa. 63:1-3).

John the Revelator looking back "And He was clothed with a vesture dipped in blood: and His name is called The Word of Yahweh" (Rev. 19:13). The blood being red is showing the first color of the spectrum. And when He is about to be crucified, they put upon Him, a purple robe, last color of the spectrum, (Mark 15:17-20, John 19:5).

The color purple denoted royalty, a kingly color (Ester 8:15, Judges 8:26). They put the robe of purple on Him in mockery "Hail, King of the Jews," but He was KING OF KINGS, but He had to endure many things, suffer abuse, be whipped, and finally crucified to be crowned with glory and honor.

Since the sun in the physical heavens pours out nine (9) rays of energy upon earth, this is only a type or portrayal of the true Son. After He is crucified and raises from the dead, the Prophet Joel states, "And it shall come to pass afterward, that I will pour out of my Spirit upon all flesh" (Joel 2:28, Zech. 12:10, Acts 2:16-18). These are the nine (9) attributes that is poured upon all flesh by the Holy Spirit. According as His Divine Power, He hath given unto us all things that pertain unto life and holiness, through the knowledge of Him that hath called us to glory and virtue. Whereby are given unto us exceeding and precious promises: that by these ye might be partakers of the Divine Nature having escaped the corruption that is in the world through lust. "And beside this, giving all diligence, add to your faith virtue (strength); and to virtue, knowledge; And to knowledge, temperance, and to temperance patience; and to patience, reverence; and to reverence, brotherly kindness; and to brotherly kindness, love. For if these things (attributes) be in you, and abound, they make you that ye shall neither be barren nor unfruitful in the knowledge of our Saviour Yahshua the Messiah" (11 Pet. 1:3-8).

The SUN is a radiant heavenly body around which the earth and other planets revolve. In the account of the creation it is described as the greater light to rule the day (Gen. 1:16). It was referred to as the vital power, bringing forth vegetation (Deut. 33:14; 11 Sam. 23:4).

Many of the people with whom the Israelites came in contact worshipped the sun. The Egyptian Sun God was called Ra; the Phoenician, Baal; and the Assyrian, Shamash.

In Malachi 4:2 the promised Messiah was called the "SUN OF RIGHTEOUSNESS." During an eclipse of the sun, the stars become visible at the moment of totality when the moon blots out the sun, in totality. It is then possible to see the stars which appear close to the sun.

The sun represents Yahshua the Son of Yahweh, our true light which dwells in us. The gospel which means "good news" reveals that Yahshua, the light of the world, is in us. Before the death, burial and resurrection of the Messiah and the outpouring of the Holy Spirit, the world was in darkness and death. Ignorance of Yahweh prevailed. But now in the dispensation of grace or Spirit, the light dwells within us and we are delivered from death unto life. The moon (Law) or darkness has been abolished.

Yahshua and His Holy Angels have appeared. He said He would make His ministers as flames of fire (Psa. 104:4; Heb. 1:7). Stars are flames of fire representing angels or ministering Spirits. When the sun shines, the moon and stars are hidden because the sun out shines them all.

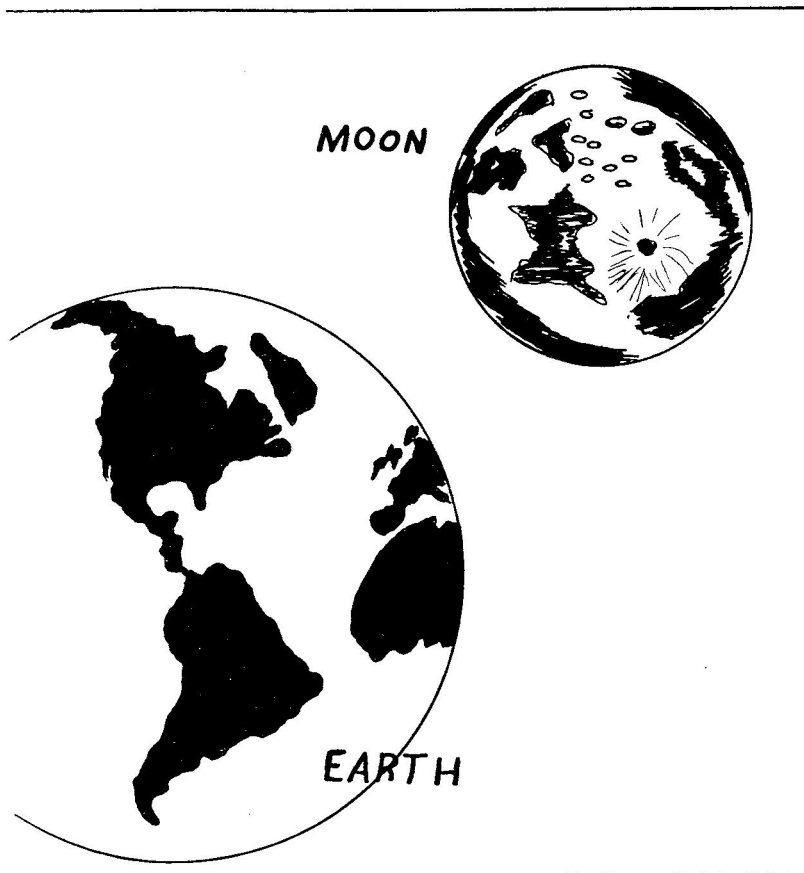

When our understanding is illuminated we see no one greater than Yahshua the Messiah, dwelling in the light no man can approach unto. No idols can stand before Him. When our understanding is darkened by the moon or flesh, we see the stars or angels, we worship creatures rather than the Creator in the vanity of our minds (Eph. 4:17-18; Rom. 1:25). The flesh is a veil, when the veil (man or idol) is removed, then we can see Yahshua (11 Cor. 6:13-16; Isa. 25:7; Jer. 29:12-14). In the flesh we can only see flesh and depend on flesh (Isaiah 31st and 32nd chapters). We worship ourselves, our possessions, our ministers and give them reverence rather than Yahweh. We cannot serve two masters (Matthew 6:24).

Yahshua looks upon the heart. We must not have idols in our heart, for where your treasure is, there will your heart be also (Matt. 6:21), either on earth or in heaven. IF we be risen with the Messiah, seek those things which are above, where the Messiah sitteth on the right hand of Yahweh (Col. 3:1).

"Let no man beguile you of your reward in a voluntary humility and worshipping of angels, intruding into those things which he hath not seen, vainly puffed up by his fleshly mind. And not holding the Head, from which all the body by joints and bands having nourishment ministered, and knit together, increaseth with the increase of Elohim" (Col. 2:18-19, also 1 Pet. 3:4).

THE MOON REPRESENTS THE SPIRIT OF DECEPTION

In its continual journey around the sun, the earth carries along its satellite, the moon. These two heavenly bodies revolve around the heavens being mutually attracted to each other. The moon rotates on its axis in such a way as to keep the same side (face) toward the earth. The moon is a dead body, or dead world, which has no light of its own; just as Satan is dead and has no light and no life, he gets his power from Yahweh-Elohim just as the moon gets its light from the sun.

The moon exercises a great influence upon the earth. Mother earth as it is called, represents the woman, who is continually reproducing life. The moon is likened unto Lucifer or the spirit of deception which influenced the woman Eve. (Gen. 3rd chapter).

One important influence of the moon on earth is the physical force entailed in its gravitational pull and tidal action on waters, the earth is approximately three-fourths water.

TIDE: the alternate rising and falling of the surface of the oceans, gulfs, rivers etc. WATERS are likened unto people:

"And He saith unto me. The waters which thou sawest, where the whore sitteth, are peoples, and multitudes, and nations, and tongues" (Revelation 17:15).

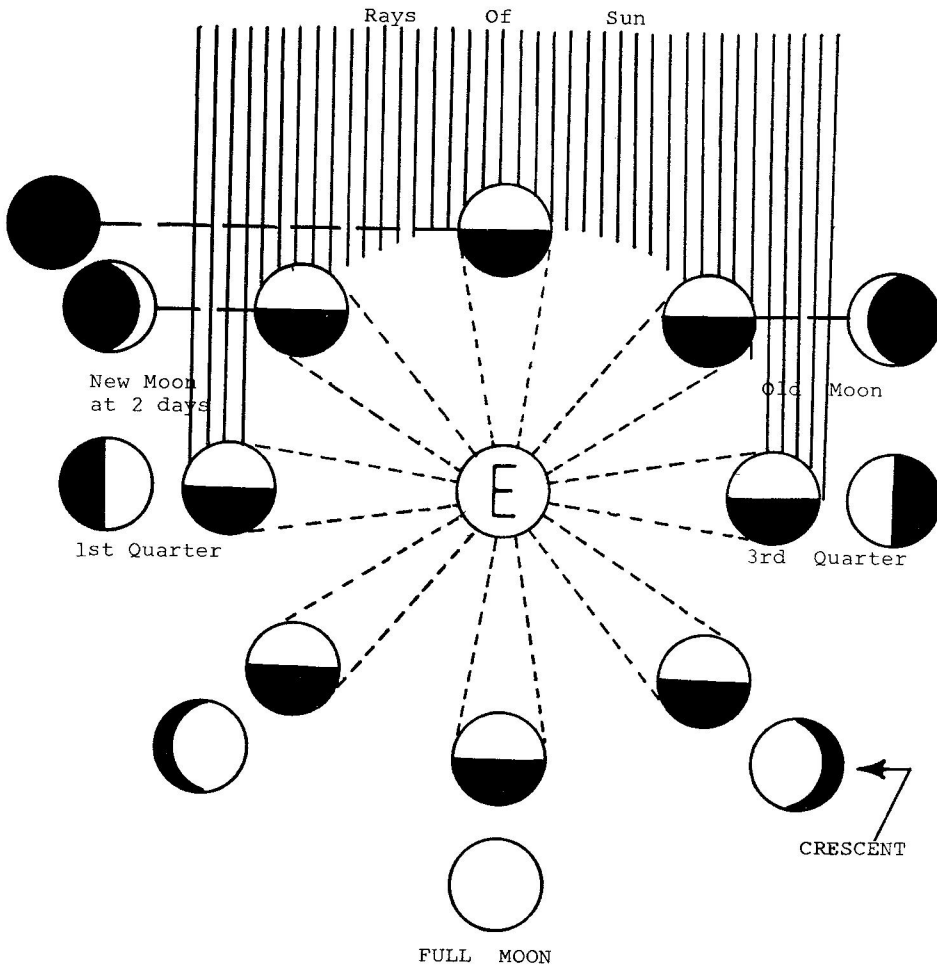

This tremendous influence of the moon (representing the spirit of deception), causing the rising and falling of waters (people), is as Jacob said, "unstable as water" (Gen. 49:4). Paul speaks of one as being tossed to and fro, and carried about with every wind of doctrine (Eph. 4:14). This rising and falling of waters is like being tossed to and fro.

"If any of you lack wisdom, let him ask of Elohim that giveth to all men liberally, and upbraideth not; and it shall be given him. But let him ask in faith, nothing wavering. For he that wavereth is like a wave of the sea driven with the wind and tossed" (James 1:5-6).

THE PHASES OF THE MOON

For I am Yahweh, I change not (Mal. 3:6). Yahweh-Elohim is unchangeable: "So shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I send it" (Isa. 55:11).

The moon, representing the Spirit of deception; in its revolution around the earth presents phases or changes. The most obvious phenomenon shown by the moon is its apparent change of shape from a narrow crest to a full circle and back to crescent form. This change of shape or phase is due to two circumstances: First, the moon shines only by reflected sunlight, and second, as it revolves around the earth, different portions of its sunlit side is presented to our view.

NEW MOON: The seven feasts (bloody sacrifices) that were held under the Law (Mosaic) were according to the New Moon (Isa. 1:13; Lev. 23rd chapter; 1 Chr. 23:31).

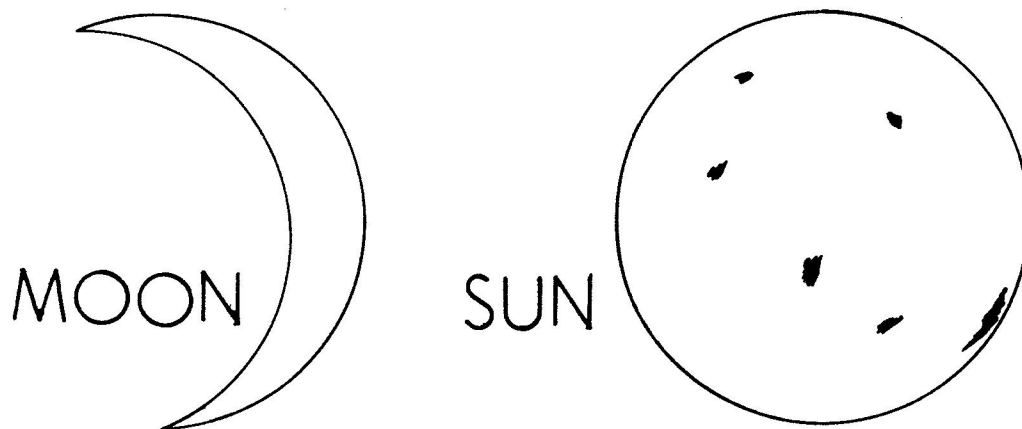

GIBBOUS: (gibbous means humped or hunched) depicts being burdened down, also not upright (Phil. 3:18-19).

QUARTERS: This phase appears divided, showing divisions (1 Cor. 1:10); the Messiah is NOT DIVIDED (1 Cor. 1:13). Divisions show unrighteousness.

FULL MOON: Lunar eclipses (darkness) are produced at full moon, showing Satan is in darkness. Many persons minds are affected at full moon.

LUNACY - A kind of insanity with lucid intervals, formerly supposed to be influenced by changes of the moon.

LUNATIC - Insane or mad.

It may be easily seen that the cusps, or "horns" of the crescent Moon are always turned away from the Sun, and that therefore they are never pointed downward when the Sun is below the horizon ---a fact sometimes disregarded by artists. In northern latitudes, moreover, the visible half of the ecliptic lies south of the zenith, and so the horns of the young Moon, when it is visible after sunset, are always turned upward and toward the left.

Another phase of the moon is the crescent stage. This phase has what is called cusps or horns.

"And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.

And he exerciseth all the power of the first beast before him, and causeth the earth and them that dwell therein to worship the first beast, whose deadly wound was healed"

(Revelation 13:11-12).

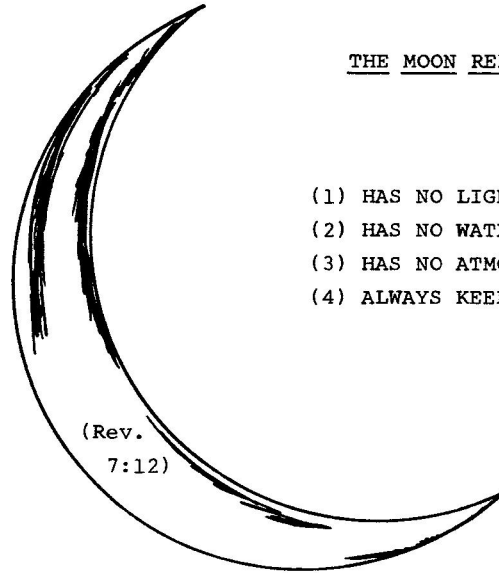

Is it any wonder that the moon must present himself to have horns?

As previously stated, the moon in orbiting around the earth always presents one side to the earth, as if to hide something, or to deceive. One with the satanic spirit, or unrighteous attributes would certainly manifest in this way.

The moon was worshipped as a god by many ancient people, including the Egyptians, Assyrians and Babylonians. Also it was worshipped by some Hebrews (Jer. 19:13; Zephaniah 1:5).

THE MOON REPRESENTS THE LAW

- (1) HAS NO LIGHT OF ITS OWN
- (2) HAS NO WATER (SPIRIT)
- (3) HAS NO ATMOSPHERE (DEAD)
- (4) ALWAYS KEEPS THE SAME SIDE TOWARD THE EARTH

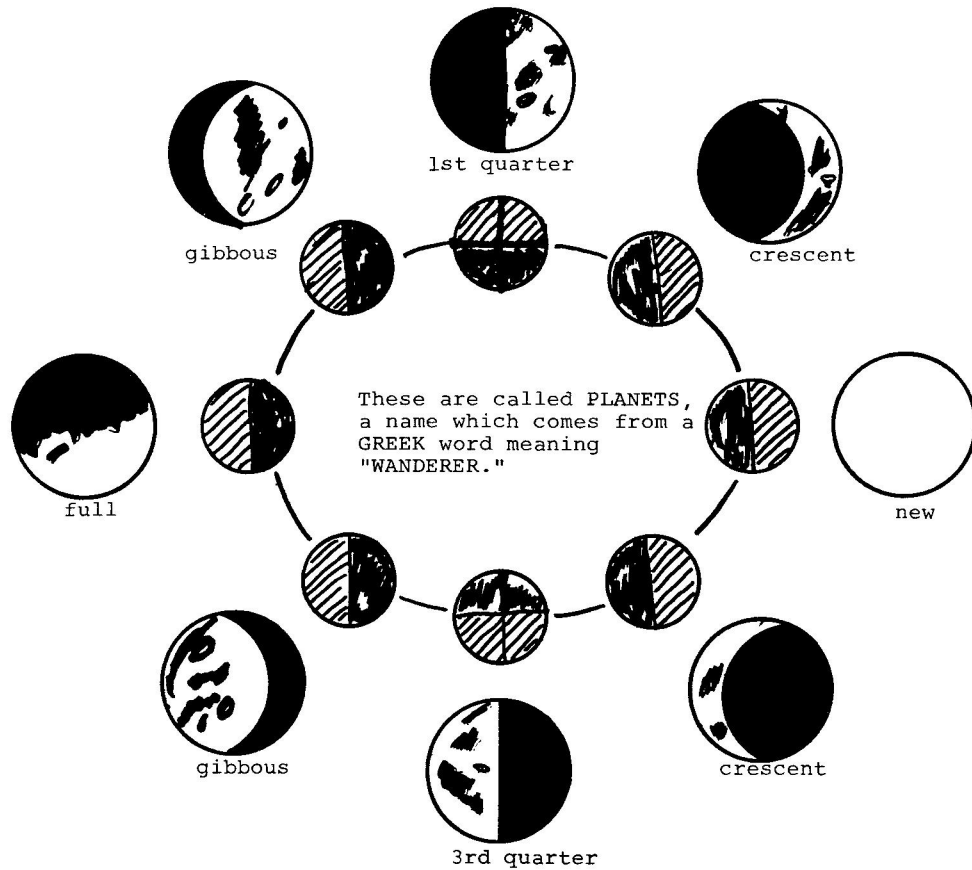

The moon is a dead world because it has no light of its own. There is no life without light. It is called the lesser light (Gen. 1:16). It has no water which is symbolic of Spirit. Deuteronomy 17:3, speaks of moon worshippers (dead spirits).

The moon represents the old Mosaic Law which was given to the Israelites; it was added because of the transgression of Adam and Eve (Gal. 3:19). Under the Law, Israel held feasts which were governed by the New Moon (Isa. 1:11-15). These were bloody sacrifices of animals (a woman has a bloody sacrifice each, governed by lunar (moon) month). Israel the woman was always shedding blood (MENSTRUOUS) Lam. 1:17). There was no life under the Law, could not be born (spiritually), she aborted, could not hold a child (life); the spirit visited them, but did not remain, because this was before Pentecost.

Yahshua the Messiah (greater light) came and fulfilled the Mosaic Law (moon, Col. 1:13-14), offered His own blood, not of some animal. He was the sacrifice to end all sacrifices (no more aborting, menstros) and placed the moon under the woman's feet (Rev. 12:1) Fulfilling the moon (Law). But this man, after He had offered one sacrifice for sins forever, sat down on the right hand of Yahweh (Heb. 10:12-14).

Only one side of the moon shows to represent those still in darkness, refusing to turn around, trying to keep the ordinances under the Law, which was a type and a shadow of the Truth. Satan always hides, tries to cover up but is now revealed by the Sons of Yahweh, who worship the Father, in Spirit and in Truth.

# THE MOON

## THE PHASES OF THE MOON COMPARED WITH ANATOMY AND PHYSIOLOGY

Our body is a miniature creation and we testify to this. Since the planets and other bodies in our solar system such as, the sun, moon and stars are wandering around the heavens to the glory of Yahweh-Elohim, we likewise, being on Planet Earth (which is also in the heavens), are wandering around the heavens to the glory of Yahweh-Elohim.

CELL DIVISION: PHASES - The process of cell division results in the growth of the body as a whole. For it is by this means that the total number of cells are increased. This process is called mitosis, during which the cell passes through complicated stages, which are grouped into five principal PHASES, each one having its own peculiarities, namely: Interphase, Prophase, Metaphase, Anaphase and Telophase.

CHILD DEVELOPMENT IN THE WOMB IS TEN (10) LUNAR (MOON) MONTHS: Month-by-month development of the fetus, in speaking of the age of pregnancy in "months," physicians refer to "lunar months," that is, periods of four weeks.

Again the law is reflected even in childbearing for it takes ten (10) lunar months or forty (40) weeks for full development of a child.

The Children of Israel were given the Ten Commandment Law and were in the Wilderness for a period of forty (40) years.

All things conform to the Pattern of Yahweh-Elohim.

The Lady in the Moon.  
The profile of the lady can  
be clearly seen in binocu-  
lars and even sometimes with  
the naked eye at full Moon.

## **THE TWO FACES OF THE MOON**

The face of the "~~MAN~~ in the Moon" (or perhaps it is a lady) is always toward us. Although the back of his head has never been seen, except in photographs from artificial satellites and by the astronauts.

Certain people endowed with good sight can even discern actual contours or see the outline of one or other characteristic figure such as the feminine profile of the \*Lady in the Moon\*. Seen through binoculars these figures are perfectly clear and bright regions stand out distinctly from dark parts. At certain periods of the lunation when the illumination is favourable it is even possible to make out some undulation of the surface or other salient features. But it is obvious that it is only in the telescope that the lunar surface can be seen in all its wondrous glory and the countless details can be examined.

The moon through its many changes, phases and influences upon the Earth, manifests deception. It shines by reflected light of the Sun as it has no light of its own but at night appears as a beautiful ball of light, which is likened unto Satan and his ministers transforming themselves into angels of light (11 Cor. 11:14).

Moon-light has always been a great attraction and influence upon the male-female relationship in bringing about many romantic involvements. Many are attracted and minds are persuaded by the full moon. For as Satan was given power (Acts 26:18), being Yahweh's opponent, then the moon must manifest this.

John the Revelator stated "and there appeared a great wonder in heaven; a woman clothed in the sun, and the moon under her feet" (Rev. 12:1). The woman clothed in the sun was Eve before she was taken out of Adam, the Son of Yahweh. As long as she was in him, she was in safety, but after she was taken out of him, she fell under the influence of Lucifer's deceptive spirit (Gen. 3:1-5; 11 Cor. 11:3; 1 Tim. 2:14). She then becomes an adulteress (Lady in the Moon) caught up in deception.

Numerous craters (pits) cover the lunar surface and certain craters are surrounded by what is called a RAY SYSTEM similar to a HALO used by Artists in the adornment of the head of the saints. Satan is transformed into an angel of light who appears to be of the righteous spirit. "Whoso causeth the righteous to go astray in an evil way, he shall fall himself into his own pit: but the upright shall have good things in possession" (Prov. 28:10).

Numerous mountains cover the surface of the moon. Some are grouped together in chains, others are completely isolated in the plain. This heavenly body, also having the appearance of a Man in the Moon, is likened unto the Beast Man of Sin who deceiveth them that dwell on earth by means of miracles and signs which he had power to do (Rev. 13th chapter).

The two faces in the moon are representative of the Beast that shall ascend out of the bottomless pit and the Harlot that sitteth upon the Beast and the seven mountains (Rev. 17th chapter).

What a perfect manifestation of the two faces of the Moon as the invisible is clearly seen by the visible (Romans 1:19-20).

A SOLAR (SUN) AND LUNAR (MOON) ECLIPSE

An eclipse is the shutting off of the light of one celestial body by another. This happens between the Earth, Moon and Sun. The alignment of these three bodies constitutes the fundamental conditions for an eclipse.

A solar eclipse is when the new moon comes between the earth and the sun and cuts off the light of the sun. The moon casts a shadow on the earth causing the umbra which is complete darkness or penumbra which is partial darkness or shadows. The sun is not eclipsed at every new moon because the moon's orbit is inclined to the ecliptic plane. A solar eclipse occurs only when the moon and sun are near.

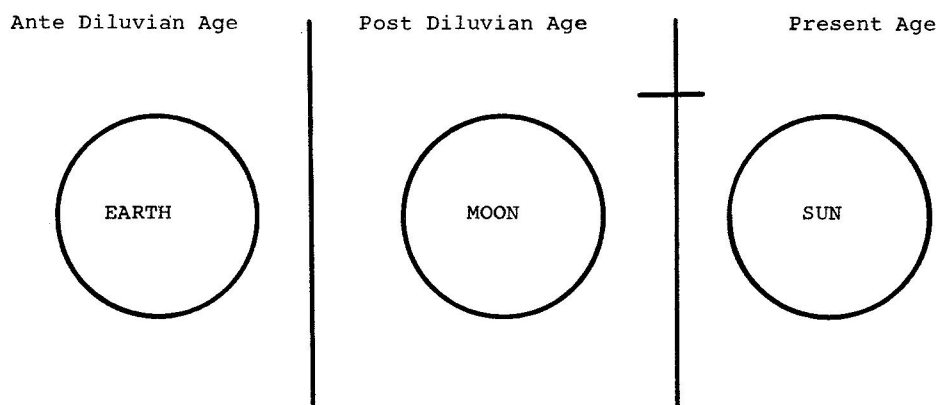

A lunar eclipse occurs when the full moon happens to pass directly behind the earth. At such times the moon passes through the earth's shadow and is darkened.

Planet Earth being the habitation of mankind (Isa. 45:18) is directly involved with a solar and lunar eclipse; in other words, mankind walking around on this planet earth is a witness to this event, and it is definitely portraying something.

The moon, the lesser light (Gen. 1:15-16) is a dead world, having no light of its own, no atmosphere which represents the Law in the Post Diluvian Age or World. It was a dead world or age as it had no light in that the Holy Spirit had not come into a mans' heart and mind. The commandments were written in tables of stone; therefore, they were not effective being on the outside of the man. The law also contained carnal ordinances, such as, ceremonies, suppers, baptisms, circumcision and feasts that were according to the New Moon (Isa. 1:10-14).

The sun being the greater light (Gen. 1:16) gives light and life to the earth. It points to the Son of Yahweh-Elohim or Yahshua the Messiah the Light of the world (John 1:1-9) in which the sun in the sky is only a figure.

These three physical bodies are portraying how that the Law of Moses was FULFILLED by the Son, Yahshua the Messiah. By using the three physical ages or worlds, we can easily see the Law FULFILLED.

The earth representing mankind was in darkness (shadow) from Adam on because the moon (representing the Law) stood between earth (mankind) and the Sun or Son, Yahshua. This was an eclipse of the (sun) Son. Hebrews 10:1 states, thusly, "For the law having a shadow of good things to come," which was the coming in of the True Light or Son, Yahshua, who fulfilled the Law and blotted it out, taking it out of the way (Col. 2:14), or caused an eclipse (blotting out) of the moon or Mosaic Law that the (Sun) Son, Yahshua the Messiah can shine (Holy Spirit) upon the earth or mankind.

THE LAW OF MOSES INSTITUTED AND FULFILLED (ENDED)  
(According to Anatomy And Physiology of the Finger)

And He gave unto Moses when He had made an end of communing with him upon Mount Sinai. two tables of the testimony, or tables of stone, written with the finger of Elohim.

Yahweh-Elohim INSTITUTES the Law (Ten Commandment) in Mount Sinai by writing with His finger (Ex. 31:18). Yahshua the Messiah being the Saviour of the world, and the one that INSTITUTED the Law in the beginning with Moses, must FULFILL all things written in the Law. John 8:4-6 states thusly, "They say unto Him, Master, this woman was taken in adultery, in the very act. Now Moses in the law commanded us, that such should be stoned: but what sayest Thou? This they said, tempting Him, that they might have to accuse Him. But Yahshua stooped down, and with His finger wrote on the ground."

As previously shown, the moon which represents the Law is placed in the Holy Place, likewise, by placing your body beside the Tabernacle, would make your hands be in the area of the Holy Place, or Wilderness according to the Migratory Pattern. Each hand having five (5) fingers for a total of ten (10) fingers are manifesting or representing the ten (10) commandment law that was given to Israel in the Wilderness (Holy Place).

If we look at the things that are made to understand invisible things (Rom. 1:19-20), when we examine one of our fingers, we find at the end, a hard substance known as the nail, and at its base, what is called the Lunule or Lunula (from Lunar which means Moon). The Lunule is a white crescent or Moon shaped portion which arises out of the Matrix (womb) which is a place or enveloping within which something originates, takes form or develops.

The matrix is showing that the Lunule (moon) or Law has its origin, beginning or is instituted therein; and is fulfilled or ended in the nail, which is why we cut off our fingernails to show that the Law of Moses was cut off or ended by Yahshua the Messiah.

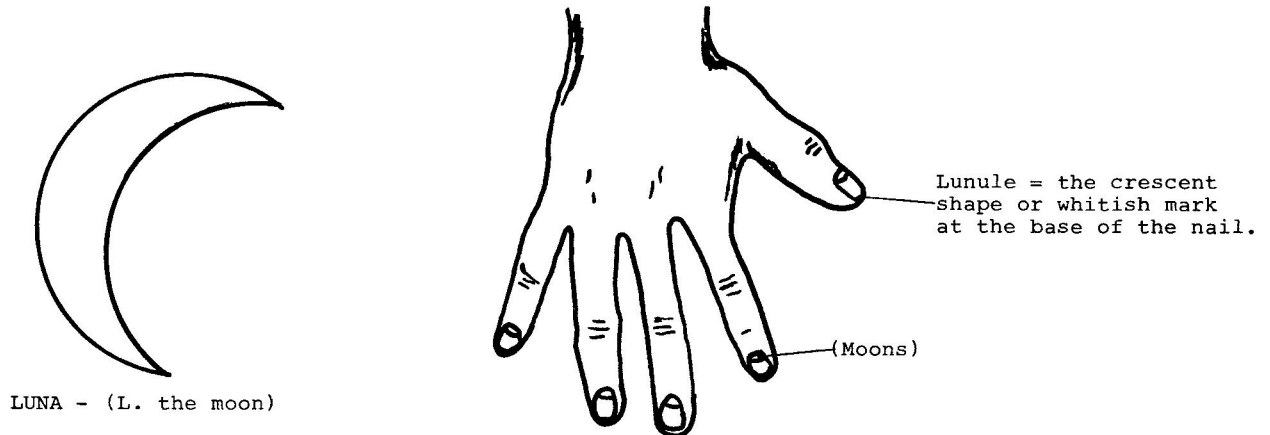

For Yahshua the Messiah is the END of the Law for righteousness to everyone that believeth (Rom. 10:4). When we stand with our arms outstretched, our body forms a cross. Blotting out the handwriting of ordinances (law) that was against us, which was contrary to us, and took it out of the WAY, nailing it to His cross (Col. 2:14).

The matrix being that which gives form, origin or foundation is likened unto Elohim, who appeared as a man (flesh) in Mount Sinai, was Anthropomorphic (the ascription of a human form and attributes to the Deity). Israel, being carnal (fleshly), worshipped physical things, including man. They took the Law from a physical (fleshly) standpoint, as mankind does today, seeing only a physical man and a physical way of worship, and not understanding Yahweh-Elohim is Spirit and that the only way to worship Him is in Spirit and in Truth (John 4:24), and that is by a Knowledge of Him (Yahshua the Messiah) the Saviour of the world.

## MOONS OF THE FINGERNAILS (ANATOMY)

Lunar = of or pertaining to the moon; or crescent.

Before the Exodus of the Children of Israel out of Egypt, having been in bondage unto Pharaoh, they were told to slay a lamb: "And take of the blood, and strike it on the two side posts and on the upper door post (lintel) of the houses wherein they shall eat it" (Ex. 12th chapter). The lamb prefigured or pointed to the True Lamb, who is Yahshua the Messiah; who was to be sacrificed for the world. They were to take the bunch of hyssop dipped in blood, and STRIKE the blood on the lintel and two side posts of the door...

When a NAIL is driven into wood etc. you STRIKE the NAIL.....

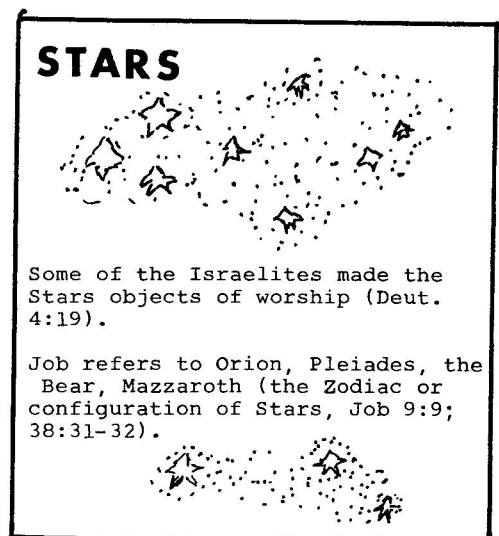

Messiah FULFILLS...when He is put on the cross, they take His hands and STRIKE the NAILS into His hands, bringing forth blood, fulfilling those back there in Egypt STRIKING the two side posts and lintel of the door with blood of the lamb, thus forming a cross. Yahshua the Messiah's hands were NAILED to the cross. In other words, this put an END to hands or worshipping with hands (Col. 2:14-21). He put and END to the LAW (Rom. 10:4).

Acts 17:24-25 states, "Elohim that made the world and all things therein, seeing that He is Yahweh of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's HANDS (because they were ended or nailed to the cross), as though He needed anything, seeing He giveth to all life, and breath, and all things."

## LIFE CYCLE OF THE STARS

The basic unit of the Universe is the galaxy which is a grouping of stars. In a single galaxy, are stars being born, stars in vigorous life and stars dying. This is the beginning, middle and ending of the creation of stars. All taking place in the galaxy. In our Milky Way it is said to contain 100 billion stars!

Since the beginning of time man has pondered the stars and philosophized as to their meaning. Why some are bright, why some endure for a while and seemingly fade away or burn out. If one could understand the parable of the sower: Behold, a sower went forth to sow; and when he sowed, some seeds fell by the way side, and the fowls came and devoured them up: Some fell upon stony places, where they had not much earth: and forthwith they sprung up, because they had no deepness of earth: And when the sun was up, they were scorched; and because they had no root, they withered

away. And some fell among thorns; and the thorns sprung up, and choked them: But other fell into good ground, and brought forth fruit, some and hundredfold, some sixtyfold, some thirtyfold (Matt. 13:3-8).

Stars are a type and shadow of angels. Once Satan was a beautiful angel in heaven, he out shone all the other angels, so much that he became puffed up within himself and exalted himself above the Creator. And for this he was cast out of heaven into the physical earthplane (Jude or Judah 6; 2 Pet. 2:4). He is here now in mankind, appearing to be an angel of light (11 Cor. 11:14), and is worshipped by those who have not the Spirit or the Knowledge of who the True Star is. Jude refers to them as wandering stars, like Satañ wandering to and fro in the earth seeking to deceive and is deceived himself. He appears to be an angel of light, but is really a burnt out star, having no life nor light. There is only one star to worship, "I shall see Him, but not now: I shall behold Him, but not nigh: there shall come a Star out of Jacob, and a Sceptre shall rise out of Israel, and shall smite the corners of Moab, and destroy all the children of Sheth" (Num. 24:17).

"I Yahshua have sent Mine angel to testify unto you these things in the assemblies. I am the root and the offspring of David, and the Bright and Morning Star" (Rev. 22:16).

#### MERCURY THE INNERMOST PLANET

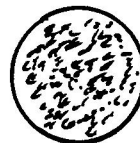

Planet Mercury is not easy to observe because of the proximity (nearness) to the Sun. It never lies farther than 28<sup>0</sup> away from the Sun. It lies closer to the sun than any other planet. The disk is very small even through a telescope. In its rotation around the sun, it moves in its orbit with one side always to the sun. "Hear, O Yahweh, when I cry with my voice: have mercy also up me, and answer me. When thou saidst, seek ye my face; my heart said unto thee, Thy face, Yahweh, will I seek" (Psalms 27:7-8).

This planet symbolizes the Holy Anointing Oil used in the Tabernacle. Oil is used as a symbol of the Holy Spirit.

Mercury being quick in its orbit around the Sun depicts a quickening, as with the Holy Spirit.

Moreover, Yahweh spake unto Moses, saying, "Take thou also unto the principal spices, of pure myrrh five hundred shekels, and of sweet cinnamon half so much, even two hundred and fifty shekels, and of sweet calamus two hundred and fifty shekels. And of cassia five hundred shekels, after the shekel of the sanctuary, and of oil olive an hin: And thou shalt make it an oil of holy ointment, an ointment compound after the art of the apothecary: it shall be an holy anointing oil" (Exodus 30:23-25).

### **Mercury**

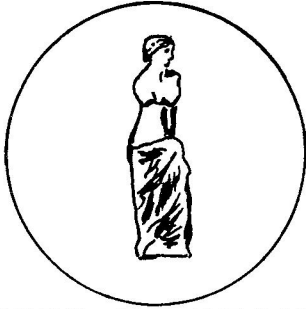

A MESSENGER, A GUIDE CALLED  
QUICKSILVER.

For this is He, of whom it is written, Behold, I send My messenger before thy face, which shall prepare thy way before thee (Matthew 11:10).

**MYTHOLOGY:** The name of a Roman divinity, Mercury, identified in later times with the Greek Hermes. As representing Hermes he was regarded as the son of Jupiter and Maia, and was looked upon as the god of eloquence, of commerce and of robbers. He was also the messenger, herald, and ambassador of Jupiter. As a Roman divinity he was merely the patron of commerce and gain.

## GODDESS OF BEAUTY

And he made the laver of brass, and the foot of it brass, of the lookingglasses of the women assembling, which assembled at the door of the Tabernacle of the congregation (Exodus 38:8).

Venus is the most luminous object in the heavens and it is appropriately named for the goddess of beauty. It appears as the morning and evening star. A dense layer of clouds continuously envelops the planet. This planet shows phases somewhat like the moon.

Planet Venus symbolizes the Brazen Laver of water in the Court Round About of the Tabernacle. The continuous Cloud covering (and clouds carry water) depict this. The phases or changes of Venus relate to the water in the Laver which had to be changed often due to the many washings that were done (Lev. 16th chapter). "Thou shalt also make a laver of brass, and his foot also of brass, to wash withal: and thou shalt put it between the tabernacle of the congregation and the altar, and thou shalt put water therein" (Exodus 30:18).

**MYTHOLOGY:** The Roman name of the goddess of love, called by the Greeks Aphrodite. In the Iliad she is described as the daughter of Zeus and Dione but Hesiod represents her as the offspring of Uranus, born among the foam of the sea. The chief places of her worship in Greece were the islands of Cyprus and Cythera. In Rome several temples were erected to her under different names.

## THE EARTH AS A PLANET

"In the beginning Elohim created the heavens and the earth. And the earth became without form and void; and darkness was upon the face of the deep. And the Spirit of Elohim moved upon the face of the waters. And Elohim said, let there be light and there was light" (Gen. 1:1-3).

Elohim was drawn out of Yahweh who is Spirit (John 4:24), which is the Source, Substance, the Limits and Bounds, for in Him we live, move and have our being (Acts 17:28). The earth then, is drawn out of Elohim, likewise, Eve and all mankind was drawn out of Adam the first man.

The earth represents the woman, Mother Earth (the womb). In the beginning of creation, the earth was surrounded by water and the Spirit of Elohim moved upon the face of the waters (Gen. 1:1-2). The Spirit was impregnating or quickening the creatures within Mother Earth (creatures and food come forth from her); just as it takes the male sperm (seed) to quicken the ova (egg) that is within the woman that creatures might come forth from her.

There is but one system in the body that reproduces life, likewise, there can be but one planet in the solar system (the earth) that reproduces or sustains life. There is but one Creator, and all things are made in His Likeness and Image.

## MARS THE RED PLANET

According to the diagram of the Tabernacle showing the Planets being situated in place of the vessels, Planet Mars is likened unto the Brazen Altar of Sacrifice.

Mars is conspicuous for the redness of its light. It is fourth in order from the Sun, and its surface bears some resemblance to that of Earth. The surface of Mars is criss-crossed by a network of lines or canals, giving it a geometrical network or grating.

"The fire shall ever be burning upon the Altar, it shall never go out" (Lev. 6:13). The surface having a distinct reddish color, depicts the ever presence of fire on the Altar.

"And he made for the Altar a brazen grate of network under the compass thereof beneath unto the midst of it" (Exodus 38:4).

### MARS HILL: (Acts 17th chapter)

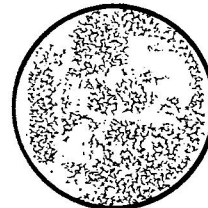

(Called Hill of Ares), a barren hill of the famous Acropolis in Athens. It was dedicated to Ares, the god of war. The elevated place became the seat of the Greek Council. Because of sudden interest in his message, Paul was taken there to clarify his mysterious teachings.

"Now while Paul waited for them at Athens, his Spirit was stirred in him, when he saw the city wholly given to idolatry" (Acts 17:16).

"If there be found among you, within any of thy gates which Yahweh thy Elohim giveth thee, man or woman, that hath wrought wickedness in the sight of the Elohim, in transgressing His covenant, and hath gone and served other gods, and worshipped them, either the sun, or moon, or any of the host of heaven, which I have not commanded; And it be told thee, and thou hast heard of it, and enquired diligently, and, behold, it be true, and the thing certain, that such abomination is wrought in Israel: Then shalt thou bring forth that man or that woman, which have committed that wicked thing, unto thy gates, even that man or that woman, and shalt stone them with stones, till they die" (Deut. 17:2-5).

Definite seasonal changes in Martian features have been observed. The most conspicuous are the variations in size of the polar caps. As winter progresses in the southern hemisphere of Mars, the polar cap increases until nearly half of the hemisphere is covered. In the spring the polar cap diminishes, and it frequently disappears altogether with the coming of summer. The sequence in the northern hemisphere is similar except that the polar cap does not vanish completely during the summer and does not extend as far toward the equator during the winter. These differences result from the extremes in intensity of solar radiation received by the southern hemisphere. The orbital eccentricity causes hotter summers and colder winters in the southern hemisphere as compared with the northern hemisphere.

Intensifications of contrast and color changes in the dark areas also vary seasonally. These dark markings, the maria, are more prominent in whichever hemisphere the polar cap is receding. During the spring and summer, many dark areas appear to have a strong blue-green color, which fades with autumn and becomes brownish with the onset of winter. It is these seasonal variations that gave rise to the theory that the maria are areas of vegetation. Considerable haze and variable cloud formations, some of which move rapidly over the surface of the planet, are observed from time to time. The haze becomes evident when we compare photographs of Mars taken in red light.

**Mars** THE ROMAN GOD OF WAR AT AN EARLY PERIOD IDENTIFIED WITH THE GREEK ARES, A DEITY OF SIMILAR ATTRIBUTES. LIKE JUPITER HE WAS DESIGNATED FATHER, AND WAS REGARDED IN PARTICULAR AS THE FATHER OF THE ROMAN PEOPLE. ARES, THE GREEK GOD OF WAR, WAS THE SON OF ZEUS (JUPITER) AND HERA (JUNO). HE IS REPRESENTED AS TERRIBLE IN BATTLE. THE CHIEF SEATS OF THE WORSHIP OF ARES WERE IN THRACE AND SCYTHIA.

The need for purification from sin or the desire of the worshipper to enter into fellowship with Yahweh-Elohim is shown by the various kinds of offerings that were placed upon the Sacrificial Altar: The Burnt Offering, the Meal or Meat Offering, the Peace Offering, the Sin Offering, the Tresspass Offering, the Drink Offering. These offerings had the use of Bullocks, Rams, Turtle Doves, Flour, Oil, Frankincense, Salt, and Birds. As you can see, these sacrifices were derived from both animal and vegetable kingdoms. This is why the Planet Mars (representing the Altar of Sacrifice), showing seasonal changes from blue-green, brown, red etc. presents the theory of life on the planet. However, all animals that were placed upon the Altar, were dead sacrifices. This is proof that no life exists on the planet.

"And they shall take away the ashes from the altar, and spread a purple cloth thereon" (Numbers 4:13). How beautiful this is represented by the Violet Clouds mentioned in the paragraph below:

Six photographs of Mars taken in colors ranging from ultra-violet (U-V) through violet (V), green (G), yellow (Y), red (R), and infrared (I-R). The surface markings appear most clearly in the longer waves. Visible are the violet clouds near the terminator and also near the south solar cap at the top.

Yahshua the Messiah who was sacrificed for the sins of the world, Mark 15:17 states, when He is about to be crucified and placed upon the altar, "And they clothed Him with PURPLE (or Violet), and platted a crown of thorns, and put it about His Head."

Planet Mars truly depicts the Brazen Altar of Sacrifice.

#### PLANET JUPITER DEPICTS YAHSHUA IN THE FLESH

Jupiter is the largest and most massive planet in the Solar System. Its mass is twice that of all the other planets combined. It is pointing to Yahweh the Father of all "Now I know that Yahweh is greater than all gods: for in the thing wherein they dealt proudly, He was above them" (Exodus 18:11).

Jupiter has a rotational period of nine (9) hours and 50.5 minutes, and five (5) substances that make up the atmosphere, namely (1) Hydrogen, (2) Helium, (3) Ammonia, (4) Methane and (5) Water. How beautifully this represents Yahweh in the cloud having nine (9) attributes that describe Him and when He spoke from the cloud fifty (50) days after the Israelites made their journey from Egypt into the Wilderness.

Jupiter is utterly unlike earth as it is more like the Sun in composition as Jupiter represents Yahshua the Messiah; He was not earthly, but came in the likeness of sinful flesh (Rom. 8:3). It is not mainly a solid body like the earth, but seems to be largely gaseous (representing Spirit). Jupiter being a cloud covered planet is a physical manifestation of how that Yahweh-Elohim dwelt in the Cloud (Lev. 16:2); and it came to pass, that in the morning watch, Elohim looked through the pillar of fire and of the cloud, and troubled the host of the Egyptians (Ex. 14:24), Revelation 10:1 states, "And I saw another mighty angel come down from heaven, clothed with a CLOUD: and a rainbow was upon his head, and his face was as it were the sun, and his feet as pillars of fire."

It has been known to have twelve (12) satellites (attendants), which pointed to the twelve disciples of the Messiah which were later called the apostles; however, the thirtieth (13th) satellite has been discovered. They are late in their discovery, and this testifies to the fact that the Apostle Paul was placed in the stead of Judas who betrayed the Messiah and then hung himself, and the Apostle Paul speaks of himself as one born out of due time (1 Cor. 15:8-9), and as the least of the Apostles. Romans 1:1 states that, "Paul, a servant of Yahshua the Messiah, called to be an apostle, separated unto the gospel of Elohim," is likened unto the 13th satellite or attendant.

Jupiter has one or more satellites that defy majority rule and circle the planet in a direction opposite to the planets own rotation. How beautifully this represents the great multitudes that followed the Messiah, some just for food, some just to be healed in their bodies, and some because they were astonished at His doctrine. Due to unbelief, many turned and followed Him no more.

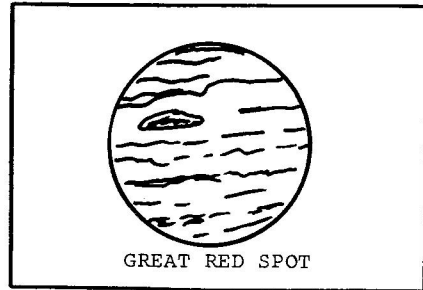

The central core of Jupiter is thought to be composed of a mass of solid rock. This is a perfect testimony to the fact that the solid rock is Yahshua the Messiah (Deut. 32:4). He is the Rock, His work is perfect. 1 Corinthians 10:4 says, the Rock that led them (Israel) through the sea was Yahshua the Messiah.

JUPITER'S GREAT RED SPOT

The most striking feature of Jupiter is the "Great Red Spot." The spot is approximately 30,000 miles long and 7,000 miles in breadth and is of brick red color. It has been described as a cyclone; a floating island of particles, and an atmospheric effect caused by volcanic activity far between the layers of clouds. It is still not known whether the spot is an aggregate of particles or an atmospheric circulation.

Nor is it known what substances cause its red color.

There was a Passover Feast instituted in Egypt (Exodus 12th chapter). Before the Children of Israel could leave out from bondage unto Pharaoh, they were to take a lamb, without blemish, a male of the first year, and kill it in the evening. And dipping from a basin take its blood and strike it on the two side posts and on the upper part or lintel of the door. This formed a cross.

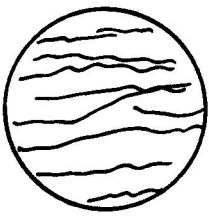

The putting of the blood of the lamb upon the door frame of their houses prefigured the slaying of the True Lamb of Yahweh, who was Yahshua the Messiah, who was to shed His blood and take away the sins of the world. By this He became our Passover who was sacrificed for us (1 Cor. 5:7). By placing the blood of the Lamb upon the inside of the door frame pointed to the blood of Yahshua (Lamb) for our innerman (Yahshua in you, the hope of glory, Col. 1:27).

Yahshua the Messiah came into the world to fulfill all that was written of Him (Matt. 5:17). Therefore, when He is to be crucified, Pilate could find no fault in Him (Matt. 27:24), because Yahshua was the True Lamb of Yahweh without spot or blemish (John 1:29,36). But one of the soldiers pierced His side with a spear, and forthwith came there out blood and water (John 19:34).

The mystery of the Great Red Spot on Jupiter is clearly made known unto the Sons of Yahweh, since the invisible things of Yahweh are clearly seen by the physical (Rom. 1:19-20). It is plain to see that if Planet Jupiter is portraying Yahshua the Messiah, then it must have that Red Spot (proving that Yahshua was pierced in His side, Zech. 12:10; Rev. 1:7).

PLANET JUPITER'S LINES (STRIPES) IS LIKE A COAT OF MANY COLORS

the heavens declare the glory of Yahweh; and the firmament sheweth His handywork. day unto day uttereth speech, and night unto night sheweth knowledge. there is no speech nor language where their voice is not heard. their LINE is gone out through all the earth, and their words to the end of the world. in them hath He set a tabernacle for the sun (Psalms 19:1-4).

LINE = cord, wire, thread, string etc.

LINE = a plan or instruction

in the foregoing pages, the word LINE is used to show its different meanings:

The array of colors of Jupiter's belts are pink, blue, white, yellow, gray, green. These colors appearing in the atmosphere are likened unto a covering for this heavenly body; this colorful cloudy atmosphere prevents its surface from being seen.

Many kinds of irregularities appear in the belt system of Jupiter, some showing up as dark and others as light. They range from circular and elongated shapes to wisps and streaks, and often several of these link together to give a mottled or braided appearance that continually fluctuates in appearance.

An observer of Jupiter gets the distinct impression that he is viewing turbulent cloud formations that undergo changes in structure in a matter of hours. It is not known what processes give rise to these movements, but clearly the planet does not have a visible solid surface like that of the Moon or Mars.

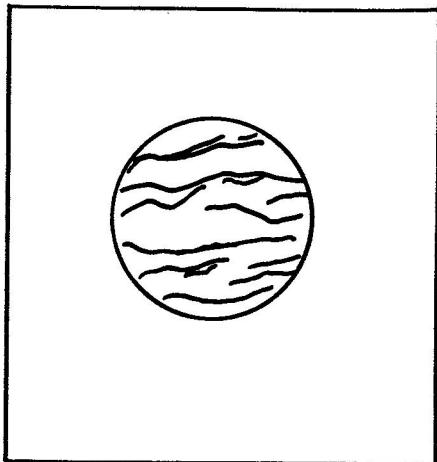

Since this planet portrays Yahshua in the likeness of flesh, we must see in Genesis 37th chapter, that Jacob gave his son, Joseph, a Coat of many colors. Joseph was loved more than all of the children, therefore, he was hated of his brethren.

"And it came to pass when Joseph was come unto his brethren, that they stript Joseph out of his coat, and they took his coat and dipped it into blood" (Gen. 37:23,31; Isa. 63:1-3).

This points to the time when Yahshua the Messiah was about to be crucified, they stripped Him of His robe and cast lots for it, and put other raiment on Him (Matt. 27th chapter; John 19:23-24).

When He prayed unto the Father in the garden, He said "I have glorified thee on the earth: I have finished the work which thou gavest me to do. And now, O Father, glorify thou Me with thine own self with the glory which I had with thee before the world was" (John 17:4-5).

#### JUPITER'S LINES (STRIPES) REPRESENT YAHSHUA BEATEN

The most distinguishing characteristic of Jupiter is the system of dark and light belts that cross its yellowish face. These can be easily seen with a small telescope. A bright band marks Jupiter's equatorial zone. On either side of this band lie North and South Equatorial Belts, normally the most conspicuous features of the belt system. Adjacent to the Belts are the North and South Tropical Zones. Next come the alternating Temperature Belts and Zones and, finally, the polar regions. At times the belts are divided into two or three parts, variations of colors from pink to blue, appear within the belts; the zones between the belts are white to yellow and the polar caps usually gray but occasionally greenish.

These LINES (BELTS) in Jupiter's atmosphere represent or depict the punishment Yahshua bore in His flesh for our transgressions:

"But He was wounded for our transgressions, He was bruised for our iniquities: the chastisement of our peace was upon Him; and with His STRIPES we are healed" (Isa. 53:5).

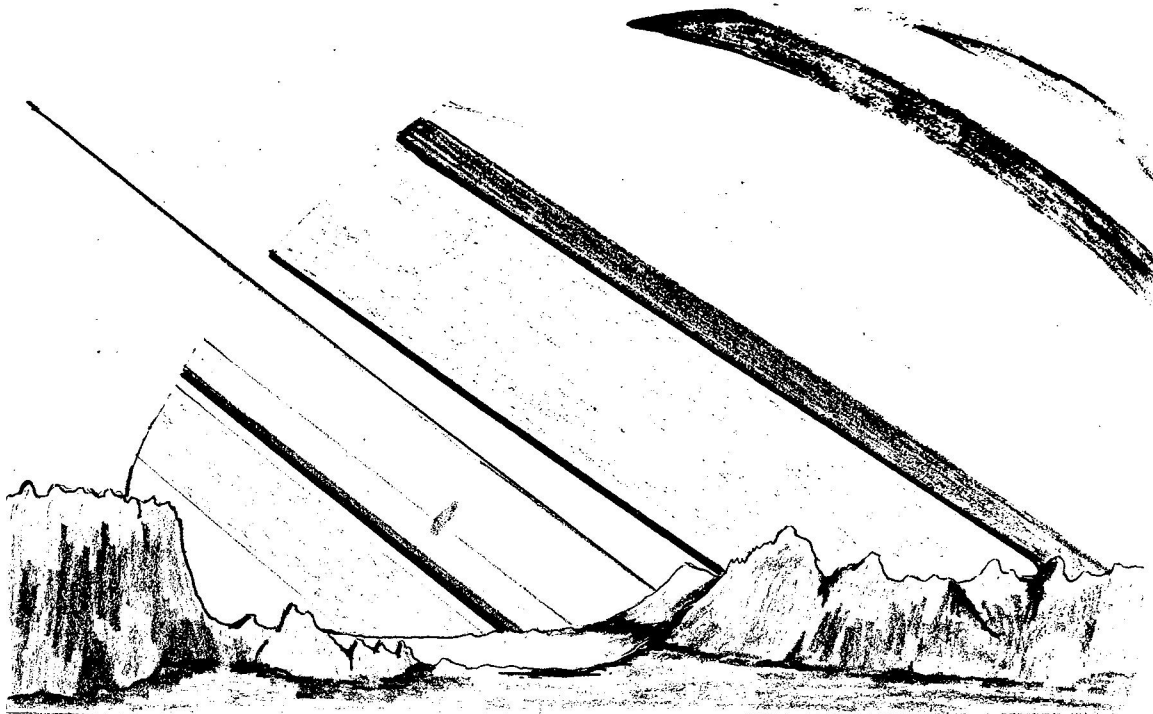

Yahshua the Son of Yahweh-Elohim, who was the Saviour of the whole world, FULFILLED all things according to the Law and the Testimony (Isa. 8:20). "For whom Yahweh loveth He chasteneth and scourgeth every Son whom He receiveth" (Heb. 12:6-8; Rev. 3:19).

SCOURGE - a means of afflicting punishment, to whip, to lash, etc.

Yet it pleased Yahweh-Elohim to bruise Him (Isa. 53:10). In Him (Yahshua) was no sin (guile; Psa. 32:2; 1 Pet. 2:22); He had to partake or take upon Himself the transgressions of all mankind. He states in Matthew 20:18-19, that the son of man shall be betrayed, and be delivered unto the Gentiles to be mocked, scourged (whipped) and crucified, and shall rise again on the third day.

The oil and vessels that were used in the Tabernacle were of a beaten work (Ex. 30th and 37th chapters) were placed in the Tabernacle. All of the vessels of a beaten work pointed to the vessel that was prepared for the Holy Spirit to dwell in, which was Yahshua the Messiah who after He suffered was obedient unto the cross, and was crowned with glory and honor (Phil. 2:8-9).

Likewise, the Sons of Yahweh now (1 John 3:1), must be scourged and endure to the end to become a vessel fitted unto the heavenly Tabernacle of Elohim.

## PLANET SATURN DISPLAYS:

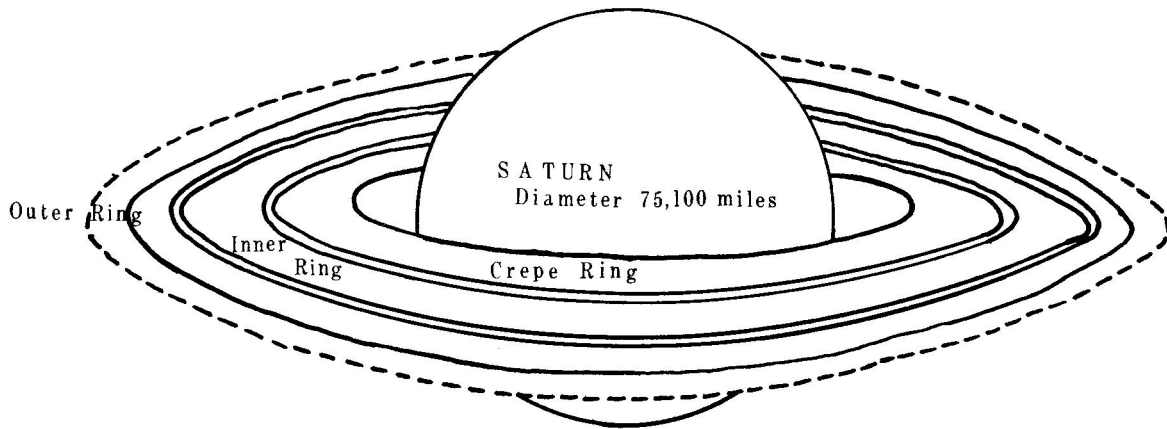

**SATURN:** Saturn is the sixth planet from the sun and with its equatorial diameter of 75,021 miles constitutes the second largest planet in the solar system: 734 bodies the size of the earth could be packed within its bulk. To the unaided eye, the yellowish starlike image of Saturn presents no aspect of unusual nature, aside from its luminosity, which is greater than that of any of the stars except Sirius. As seen through a telescope, however, SATURN IS THE MOST PICTURESQUE PLANETARY OBJECT IN THE SKY. It then appears as a shining central sphere, girdled by a remarkable flat, ribbonlike ring. Upon closer inspection, this is revealed to be a complex ring system of several concentric and variously shaded parts. The ring system of Saturn is unique among planets of the solar system.

Saturn as seen in a telescope is a magnificent object. Like Jupiter it has a series of light and dark bands or stripes. The disk of the planet is of a yellowish color, and the equatorial regions are a faint reddish hue. The belts have a brownish coat, and the polar regions are blue-green.

Yahshua the Messiah was bruised for our iniquities. By His stripes are we healed (Isa. 53rd chapter). Satan (Saturn) appearing as an angel of light or the Saviour, also has stripes, but his stripes are his punishment. He has been banished from the presence of Yahweh forever. His garment is spotted by the flesh. He has been cast out of heaven, he and his host of moonlets forever. Satan and his ministers like to stand in the presence of Yahweh for us as intercessors, trying to take the place of the True Mediator who is

Yahshua the Messiah; who prays for us and is our Sacrifice (Heb. 9th and 10th chapters; 1 Tim. 2:5).

Satan is appearing as our healer, helper and saviour (11 Cor. 11:13-15; 11 Thess. 2nd chapter). Planet Saturn with its starlike image displays itself as Lucifer, the most beautiful angel. The physical clearly shows the invisible (Romans 1:19-20).

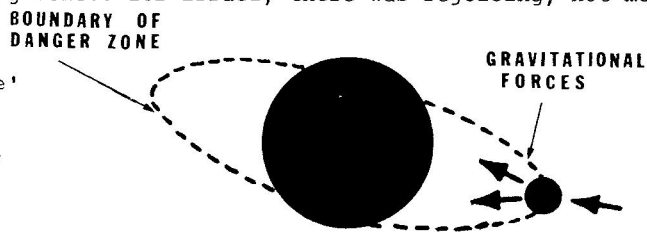

Three concentric rings encircle Saturn. The broadest and most brilliant is the main ring, (Ring B). Outside the main ring lies a moderately bright ring (Ring A). And just inside the main ring is a very faint ring (Ring C), known as the "crepe" ring which girds the Planet. These rings are believed to be composed of swarms of minute particles, intermediate in size between fine dust and gravel.

This magnificent ring system reveals Satan and his host hedged in and circumscribed in ignorance. Satan appears beautiful as an angel of light. His rings appear as crowns of righteousness as the Pope used to wear the "triple crown" tiera.

Satan has always tried to be like the Most High; for the Tabernacle that was pitched in the Wilderness of Sinai, was a three-fold structure that was patterned after the one that Moses saw in Mount Sinai, which was the transformation of Elohim into the Tabernacle (Ex. 24:9-10; Ezek. 1:25-26; Rev. 1:12-17; Heb. 8:5). The tabernacle consisted of a Most Holy Place, a Holy Place and a Court Round About. Therefore, Saturn representing Satan, Lucifer or the Devil, must present this same pattern. It has an Outer Ring, which compares to the Court Round About, it has an Inner Ring which compares to the Holy Place and it has a Crepe Ring, which compares to the Most Holy Place, however, Satan's tabernacle is darkness, ignorance and is dead; and in comparing the Crepe Ring to the Most Holy Place shows this, for the word crepe means to mourn (mourning relates to death). There was no mourning in the Most Holy Place but rejoicing by the High Priest after sprinkling the blood on the Day of Atonement and the light flashed between the wings of the Cherubims to show forgiveness for Israel, there was rejoicing, not mourning (Lev. 16th chapter).

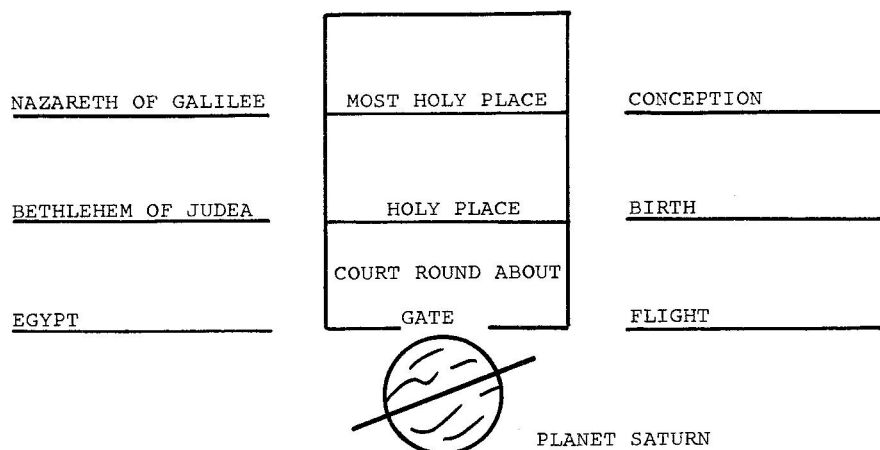

Saturn is surrounded by a definite 'danger zone' in which large moons would be liable to break up. All the rings lie inside the danger zone, and all the moons lie outside it.

There is a definite danger zone in the vicinity of these rings. These rings represent "chains" of darkness which lie entirely within the danger zone. These rings are made up of millions of little moons or moonlets representing Satan's host or the angels that sinned and were cast into hell and delivered into chains of darkness (11 Pet. 2:4). Any satellite approaching Saturn too closely would be torn into pieces by the gravitational pull, as Satan is as a roaring lion seeking whom he may devour (1 Pet. 5:8; Prov. 28:15).

PLANET SATURN REPRESENTS THE BEAST AT THE BIRTH OF THE MESSIAH

Saturn represents the Beast or Dragon standing before the woman (Tabernacle) waiting to devour the child as soon as it was born (Rev. 12:4).

"And on the east side toward the rising of the sun shall they of the Standard of the camp of Judah pitch throughout their armies: ---" (Num. 2:3). "For Judah prevailed above his brethren, and of him came the chief ruler: but the birthright was Joseph's" (1 Chr. 5:2; Gen. 49:10; Micah 5:2; Matt. 2:6; Heb. 7:14).

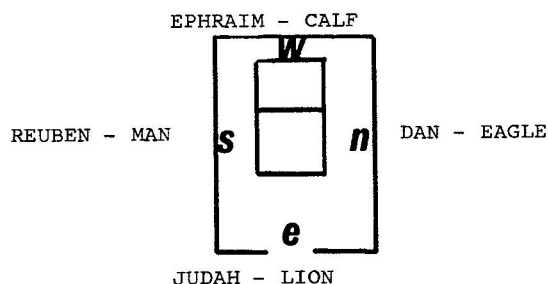

On the previous pages it was shown that planet Jupiter depicts Yahshua the Messiah (Lion of the tribe of Judah). This gives Jupiter its rightful place at the gate of the Tabernacle. However, planet Saturn (representing Judas or the Satanic spirit) must be present also, as he is sitting at the gate too.

After the birth of the Messiah, the angel appeared unto Joseph in a dream and told him to take the child and his wife and flee into the land of Egypt until he was told to come out, because Herod the King would seek his life. Herod prefigured the Beast Man of Sin, just as, Planet Saturn depicts the beast, or deception.

The three compartments of the Tabernacle coming from the Most Holy Place to the Holy Place to the Court Round About is representative of the birth of the Messiah from Nazareth to Bethlehem to Egypt or from heaven to earth. And the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born (Rev. 12:1-6).

THE FOUR STANDARDS - THE FOUR BEASTS

- Judah on the East
- Reuben on the South
- Ephraim on the West
- Dan on the North

There is one Spirit and two manifestations of the one Spirit. In other words, you have the mystery of Yahweh and the mystery of Iniquity. It is not our intention to mislead anyone to think that there is something wrong with the planets in our solar system. They, along with all physical things are merely intended to understand the invisible things of our Creator, who is Spirit (John 4:24). Therefore, it takes physical things or things that are made to understand the Spiritual things (Rom. 1:19-20). Pure Spirit cannot be discerned with the physical eye, therefore, it must be understood with the eyes of understanding or by revelation.

At the top of the page we showed how the four standards of the camp of Israel represented iniquity or darkness. We will show another illustration using the four standards to show righteousness or Yahshua the Messiah.

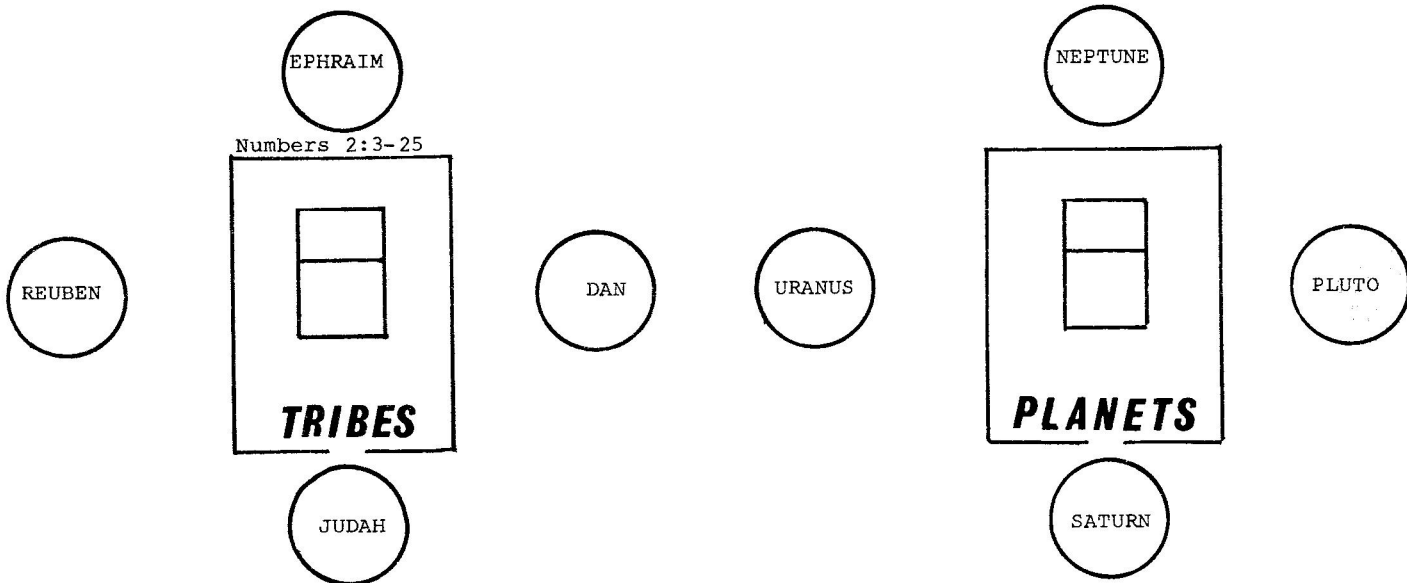

John the Revelator in his vision while on the Isle of Patmos saw them as four beasts around the throne of Yahweh (Rev. 4:6-8). Remembering that Yahweh did dwell in the Most Holy Place in the Cloud above the Mercy Seat in the Tabernacle (Lev. 16:2).

EACH OF THESE FOUR BEASTS ARE A FIGURE OF YAHSHUA THE MESSIAH WHO IS:

- The LION of the tribe of Judah (Gen. 49:9-10; Rev. 5:5).
- The RAM which was caught in the thickets which Abraham was told to use as a substitute for the Sacrifice of Isaac to Yahweh (Gen. 22:13).
- The MAN born of a woman (Gal. 4:4).
- The EAGLE that stirreth up her nest (Deut. 32:11-12).

THE FOUR OUTERMOST PLANETS REPRESENT THE FOUR STANDARDS OF THE TRIBES

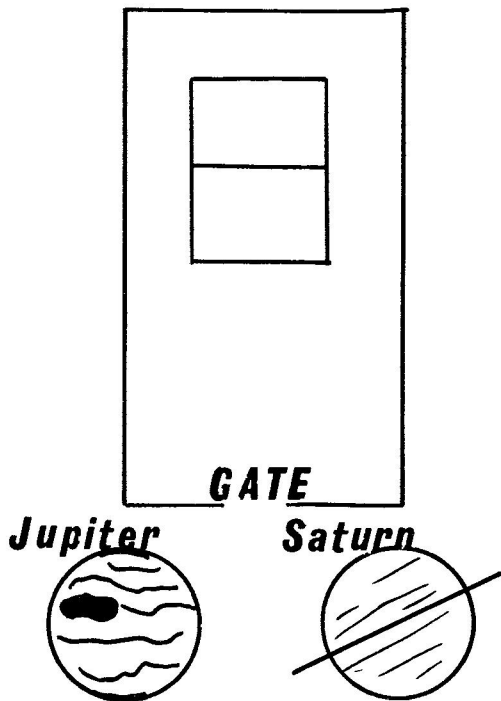

Moses, Aaron, Nadab and Abihu and the seventy elders of Israel were called up into Mount Sinai and they saw the Elohim of Israel (Ex. 24:9-10) Moses was called into the midst of the Cloud and he saw Elohim transform into an intangible three-fold tabernacle. He was then told to go down the mount and build a tabernacle just like it was shown him in the mount (Ex. 25:8-9,40; Heb. 8:5). The tabernacle which Moses built was a figure of the body of Elohim, the Son of Yahweh.

"And Yahweh spake unto Moses and unto Aaron saying, every man of the children of Israel shall pitch by his own standard, with the ensign of their father's house: FAR OFF about the tabernacle of the congregation shall they pitch" (Num. 2:1-2).

Satan was cast out of heaven from the presence of the Son into Outer Darkness, therefore, the four standards and the four planets depict this (Matt. 8:12; 22:13 and 25:30). Saturn, Uranus, Neptune and Pluto are the farthest in distance from the Sun than the other planets. They are so far out in space, that it takes a good and powerful telescope to see them. The farther away from the Sun, the more unstable they become. Because of their distance from the Sun it represents them being in darkness.

These planets are likened unto the four standards of the tribes camped around the tabernacle, which was a figure of the Son. The Sun in the sky with the planets revolving around it merely points to the tabernacle with the tribes around it having a definite march order (Num. 2nd chapter).

There was no darkness in the Tabernacle, however, there was darkness on the outside, which was in Israel. Although, Yahweh caused the Cloud to be a pillar of fire by night and a Cloud by day, kept them from physical darkness (Ex. 13:21-22; Neh. 9:12). Their darkness was in their hearts and minds, because of their sins (Rom. 1:19-21; 11:7-25; Jer. 2:31). These four outer planets represent the condition that was in Israel. Besides the nine planets there are thousands of little planets revolving around the Sun called asteroids, this is likened unto the thousands of Israelites that were camped around the Tabernacle.

Planet Jupiter the largest of all the planets is a gas (Spirit) giant. It is placed at the gate of the tabernacle because it represents Yahshua the Messiah of the tribe of Judah (Heb. 7:14), which is the Kingship Tribe.

Planet Saturn, the second largest of the planets is also a gas (denoting Spirit) giant. It is placed beside planet Jupiter at the gate because it is figurative of being the Kingship Tribe. Judas came from the Kingship Tribe, (see the sins of Judah - Jer. 17: 1-23). Saturn represents the Kingship (royalty) Tribe in that it is the most beautiful of all the planets and serves to show Satan or Lucifer in his glorified state. Lucifer was the anointed cherub that covereth (Ezek. 28:12-16).

Wherever the Sons of Yahweh are, Satan presents himself there also (Job 1:6).

Jupiter and Saturn represent the two mysteries that are present at all times. The mystery of Yahweh and the mystery of Iniquity. Judas representing the mystery of Iniquity was one of the twelve that was always with the Messiah (Matt. 26:47). Therefore, these two planets are representing the Kingship Tribe.

The Devil doesn't want to take a back seat, he wants to be King himself (Isa. 14:14). Look at me, how beautiful I am, which is depicted by Planet Saturn, the most beautiful of all the Planets of the Solar System. This was Lucifer's attitude before he was cast out of heaven: "For thou hast said in thine heart, I will ASCEND INTO HEAVEN, I WILL EXALT my throne above the stars of Elohim I will sit also upon the mount of the congregation, in the sides of the north: I will ASCEND ABOVE the heights of the clouds; I WILL BE LIKE THE MOST HIGH" (Isa. 14:13-14). This is Jupiter and Saturn standing at the gate.

JUPITER

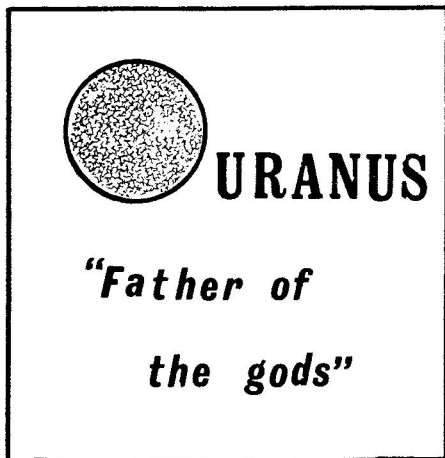

1. Is a gas giant, the largest planet.
2. Is a striped planet.
3. Has a great red spot.

JUPITER: When seen in even a small telescope Jupiter is a remarkable-looking body. Its surface shows a great variety of detail and it is very rich in color, with dominant reds and browns and occasional greenish tints.

SATURN

1. Is a gas giant, the second largest planet.
2. Is a striped planet.
3. Has a great white spot.

SATURN: The main body of Saturn is probably similar in all essential features to that of Jupiter, but the belts observed at the surface of Saturn are less marked and less variable than those of Jupiter. There is also much less in the way of red and brown colors; rather do the equatorial regions of Saturn appear yellow, and the polar regions green.

Uranus is one of the most remotely known planets. Because of its distance from the Sun, it receives less than 1/360 the amount of light falling upon the earth. At its strongest, it has the appearance of only a faint star. Under good observing conditions, one can detect the slightly greenish color with markings in forms of faint gray belts, appearing at a point parallel to the equator.

Uranus has four satellites that revolve in the same direction that the planet rotates. It is unique in its sharp inclination or tilt. While all other planets are tilted between 3 degrees and 32 degrees, Uranus is tipped over 98 degrees. This means that sometimes we see the planet with its North Pole pointed directly at us, other times we see its equator belt running up and down rather than across the planet.

Planet Uranus represents the standard of Reuben (Num. 2:10).

URANUS: Far back in the beginning of things, so the imaginative Greeks believed, there was no sky and no earth, no men and no gods. All was chaos---immeasurable empty space. But gradually, according to Greek mythology, things began to take form. First appeared Sky and Earth, whom the Greeks called Uranus and Gaea.

Sky, the first ruler of the world, took Earth to wife, and they had many children. Among them were 12 huge Titans, three terrible brothers called "Cyclops" who had only one eye apiece, and three giant "Hundred-handers" -- Briareus and his two brothers, with their hundred hands and fifty heads. Now the hideous Cyclops and Hundred-handers were hateful to their father, as they well might be, so he thrust them into Tartarus, the vast abyss below the earth. But indignant Mother Earth called on the Titans to rise against their father, and Kronos, craftiest of them all, made himself ruler in his father's stead.

The new lord of heaven and earth then married his Titan sister Rhea, and she bore him six children--- the six chief divinities of the Greek mythology: Zeus, Hades, Poseidon, Hera, Hestia, and Demeter. Fearing that one of his children would dethrone him, as he had dethroned his father, Kronos swallowed each of them at birth, except the last Zeus (Jupiter). Him Rhea saved by giving Kronos a stone wrapped in swaddling clothes instead of the child. When Zeus grew up, he forced his father to disgorge unharmed the children he had swallowed. With his brothers and sisters he overthrew Kronos and the other Titans, and himself became ruler of the universe. In later times Kronos was identified by the Romans with their god Saturn.

URANUS: Uranus was the first of the outer planets not known to the ancient peoples, whose discovery was made possible by telescopic means. On the night of March 13, 1781, William Herschel, surveying the sky with a seven-inch reflecting telescope, came upon a greenish object showing a perceptible disk, for which no designation was given on existing star maps. Continuing to observe the object, he noted that it possessed a slow movement among the stars. It was at first assumed to be a comet, but later observation and calculation proved it to be of planetary nature. In accord with the tradition of naming the major planets after mythological deities, the name "Uranus," from the Greek god of the heavens, was adopted.

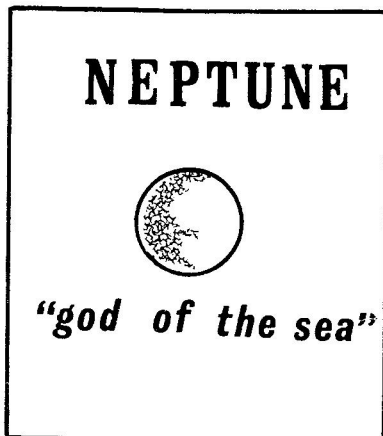

Uranus has four (4) satellites. Reuben, the eldest son of Jacob, had four (4) sons. Hanoch, Phallu, Hezron and Carmi (Gen. 46:9; Ex. 6:14).

Uranus being so remote, distant or secluded from the Sun, reveals it to be in darkness as was manifested by Reuben.

"Reuben, thou art my firstborn, my might, and the beginning of my strength, the excellency of dignity, and the excellency of power: Unstable as water, thou shalt not excel; because thou wentest up to thy father's bed; then defiledst thou it: he went up to my couch" (Gen. 49:3-4).

Because of his conduct with Belhah, his father's concubine, he forfeited his birthright (Gen. 35: 22; Gen. 49:3-4).

Neptune, one of the most distant known planets is practically a twin of Uranus. It is nearly 3 billion miles from the Sun. Its color is pale green, and it orbits around the Sun once ever 166 years carrying with it two satellites, named Triton and Nereid. While the planet rotates in a direct manner, Triton moves in a retrograde (contrary) orbit. This behavior contrasts with the direct motion of the other satellite Nereid.

Neptune and Uranus have diameters less than half those of Jupiter and Saturn, but they are considerably larger than the other planets. These four giants are really very much alike. The diameter of Neptune is about four times that of the earth. No surface markings have been observed, but the planet is enveloped with an atmosphere of methane gas and a trace of ammonia. It rotates in the same direction that the earth does, however, one satellite goes around it in the opposite direction.

Planet Neptune is placed as the standard of Ephraim on the west side of the Tabernacle (Num. 2:18). Neptune being one of the most distant planets from the Sun represents being in darkness, as was manifested by these tribes.

Benjamin and Manasseh were the two tribes that were pitched by the tribe of Ephraim.

"Benjamin shall ravin as a wolf: in the morning he shall devour the prey, and at night he shall divide the spoil" (Gen. 49:27; also see the Benjaminites' wickedness, Judges 20:1-14).

"Manasseh, Ephraim; and Ephraim, Manasseh: and they together shall be against Judah. For all this his anger is not turned away, but his hand is stretched out still" (Isa. 9:21). David wrote in the Psalms 78:9-11, "The children of Ephraim, being armed, and carrying bows, turned back in the day of battle. They kept not the covenant of Elohim, and refused to walk in His law; And forgot His works, and His wonders that He shewed them."

Isaiah wrote of him, "Woe to the crown of pride, to the drunkards of Ephraim, whose glorious beauty is a fading flower, which are on the head of the fat valleys of them that are overcome with wine. Behold Yahweh hath a mighty and strong one, which as a tempest of hail and a destroying storm, as a flood of mighty waters overflowing, shall cast down to the earth with the hand. The crown of pride, the drunkards of Ephraim, shall be trodden under foot" (Isa. 28:1-3).

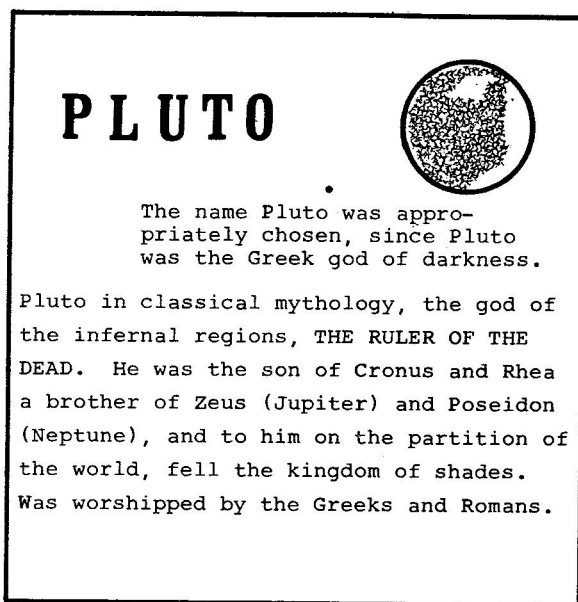

#### PLUTO THE AMBIGUOUS PLANET

Far out on the edge of the Solar System lies the planet Pluto; the most difficult planet to observe. Most powerful telescopes show it as a dim yellow light.

According to the diagram of the Tabernacle placing the four standards of the camp around the Tabernacle, the planet Pluto is placed on the North side where the standard of the camp of Dan is located.

"The standard of the camp of Dan shall be on the North side by their armies ---" (Num. 2:25).

Since Pluto is so distant from us, little is known about it. The orbit of Pluto is very eccentric, i.e. far more than any other planet, due to the fact that it actually crosses the path of Neptune. Another strange thing about Pluto's orbit is that it is inclined at 17° to the Earth's orbit, far more than any other planet's. All told, Pluto does not fit very well into the general pattern of the planets.

Genesis 49:17 states, "Dan shall be a serpent by the way, an adder in the path, that biteth the horse heels, so that his rider shall fall backwards." The Most unusual thing about Pluto is the unusual path it traces around the Sun. All planets circle the Sun on pretty much the same plane except Pluto. Its orbit is so high above the other planets, as it speeds toward the sun, it dips "downhill." When it reaches the other end of its orbit it is way below the other planets. It then climbs back "uphill," and so completes one trip around the Sun. This uphill and downhill motion is like that of a serpent, as stated by Dan.

Pluto also has an influence on the motion of Uranus and Neptune; it also is accused of upsetting the lives of the comets.

Pluto's gravitational attraction drew comets off course, and today there are said to be about 200 billion comets caught in the "trap" set by Pluto. How perfectly this represents where King Rehoboam of Judah took counsel, and built calves of gold and said, behold thy gods, O Israel, which brought thee up out of the land of Egypt. One was of Dan. And this thing became a sin: for the people went to worship before the one, even unto Dan.

PLUTO: Pluto requires 248 years to complete one revolution. At an average distance of almost four billion miles from the sun, it receives only an insignificant fraction of the light and heat which fall upon the earth. It is obvious that Pluto is therefore eternally dark and frigidly cold.

Scientists and Astronomers are perplexed about the size of the universe. They wonder if the universe goes on forever and if space is infinite, or is there some end both to the universe and to space? Well, astronomers can make out objects up to an estimated 9 billion light years, and there is no sign of an end of the Universe yet.

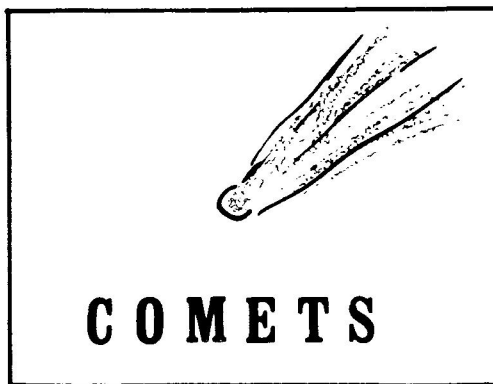

Because of the vastness and beauty of the heavenly bodies, many Astronomers confess that they have been made more humble, more tolerant and happier. One Astronomer at the Planetarium in New York says, that he doesn't know of any atheists among professional Astronomers; they are all forced to believe in an infinite power. This testifies to Psalms 19th division and Romans 1:19-20, and Acts 14th chapter. The whole universe is a picture of Yahweh-Elohim. There are no pictures of Yahshua because the universe is a mirror and His image is in the mirror. We have come face to face with our Creator.

Yahweh is Pure Spirit without descriptive shape and form, He is invisible and the source and substance of all things. The "Stuff" we are made of. No one knows the Father except the Son reveal Him. The Son is the image of the Father and the Universe is the image of the Son (Col. 1:15). Man also being a creation is made in the likeness and image of Yahweh (Gen. 1:26).

There are many subjects to study that reveal the mystery of righteousness or the mystery of unrighteousness or iniquity; we have chosen one at this time which is the COMET. From the dawn of written history to the present the superstitious have always regarded comets with fear as the portents of disaster. They regarded a comet as evil. However, we with understanding can

see that all things testify or witness to the Plan and Purpose of Yahweh. First we must find out what a comet is. It is a celestial body consisting of a head with a small bright center, known as the nucleus, and surrounding this is a fuzzy hazy mass called the coma. The nucleus rarely exceeds 500 miles in diameter, but the diameter of the coma is enormous, ranging from 30,000 to a million miles in some cases. The tail is even more enormous and may range from 5 million to 100 million miles in length.

The nature of a comet is an accumulation of frozen gases and grit. The nucleus is a "dirty iceberg." a mixture of frozen water, ammonia, methane and carbon dioxide, in which a conglomeration of stony particles, ranging in size from grains of sand to small pebbles is embedded.

Off by itself in space a comet has no tail; but when it approaches the sun, solar energy vaporizes its outer layers to form a SWOLLEN HEAD and then drives some of this material away to form a tail of incandescence pointing out toward space (11 Thess. 1:6-9).

Since the heavens declare the glory of Yahweh (Psalms 19); we find that comets play a great role in portraying Lucifer the Angel that was cast out of heaven (Isa. 14:12-14). He was in heaven and became "Big headed" or a swelled head because of his beauty and wisdom. For this, he was expelled from the presence of Yahweh and his tail drew a third of the angels with him (Rev. 12:4; 11 Pet. 2:4; Jude 6).

We find that the nucleus of a comet is a "dirty iceberg" which is likened unto the iniquity that was found in Lucifer or Satan. Also surrounding the nucleus is a fuzzy, hazy mass called a COMA. When Satan was cast out of heaven, he was put into a coma or sleep - death. Let us not sleep, let us be children of the Light (Yahshuans) let us watch and be sober (1 Thess. 5:5-8).

Satan was driven from the presence of Yahweh into the earth where he is wandering about deceiving and being deceived. He is deceiving unstable souls, gathering them into his tormented body for destruction (Isa. 9:13-16; 11 Thess. 2:7-12; Rev. 12:4).

Comets are the only celestial bodies known to roam the edges of the solar system. Billions of them roam the edges. These are likened unto wandering stars reserved in chains of darkness, angels that abide not in the truth, bringing upon themselves swift destruction (11 Pet. 2:1; Jude 13).

Our Elohim is a consuming fire (Heb. 12:29). The fate of comets that play too often with the Sun (fire) is illustrated by the short and wild career of Bielas' Comet which was split into hundreds of meteors. Satan's kingdom is divided into many sects, creeds, cults, denominations etc. This is likened unto the Stone cut out of the Mount without hands that brake into pieces, Satan's kingdom (Dan. 2:34).

Also, Yahshua said He beheld Satan as lightning, fall from heaven (Luke 10:18). There are many more examples that could show the satanic spirit manifesting, however, space and time will not permit. David said in Psalms 27:4, "One thing have I desired of Elohim, that will I seek after; that I may dwell in the house of Yahweh all the days of my life, to behold the beauty of Yahweh, and to enquire in His temple."

Yahweh has plainly shown us that no filth of the flesh can enter heaven. We must be cleansed; we must be changed (11 Cor. 7:1). Let no man deceive you, the unclean shall not PASS OVER.

# Clouds AND THEIR Meaning

The greater and more perfect tabernacle is the universe (Heb. 8:1-2; Heb. 9:1). Yahweh-Elohim created it and not man.

Yahweh-Elohim (by the hand of Moses) brought the Israelites out of bondage under Pharaoh. He brought them out in a CLOUD (Ex. 14:19-20). When they arrived in the Wilderness of Sinai the cloud came down upon Mount Sinai (Ex. 19:18; Neh. 9:12-13). And Moses was called up into the Mount (Ex. 19:20; Ex. 24:1-2).

While in the Cloud, Moses saw the Elohim of Israel transform into an intangible tabernacle (Ex. 24:9-10; Rev. 1:7-18). After showing Moses the vision, Elohim admonished him to go down and build a Tabernacle just as it was shown him in the Mount, and not to err in it because it was a pattern of heavenly things (Heb. 8:5).

Moses was to build the tabernacle that Yahweh-Elohim would come down and dwell among them (Ex. 40:34-38). Yahweh-Elohim also said that He would dwell in the Cloud above the Mercy Seat between the wings of the cherubims in the Most Holy Place (Lev. 16:2).

There were clouds throughout the tabernacle (Ex. 40:34), and Yahweh-Elohim has set this same pattern of cloud formation in the universe. The clouds in the atmosphere are divided into four families:

**CLOUD FAMILIES:** Although clouds are classified according to form and appearance, consideration is also given to the physical processes producing them. In the International system there are four families and ten genera. These are given as:

Family A: High clouds, mean lower level, 6,000 meters (20,000 feet) -- Cirrus (Ci); Cirrocumulus (Cc).

Family B: Middle clouds, mean upper level, 6,000 meters (20,000 feet); mean lower level 2,000 meters (6,500 feet) -- Altocumulus (Ac); Alto-stratus (As).

Family C: Low clouds, mean upper level, 2,000 meters (6,500 feet); mean lower level, close to surface -- Stratocumulus (Sc); Stratus (St); Nimbostratus (Ns).

Family D: Clouds with vertical development, mean upper level (that of cirrus); mean lower level, 500 meters (1,600 feet) -- Cumulus (Cu); Cumulonimbus (Cb).

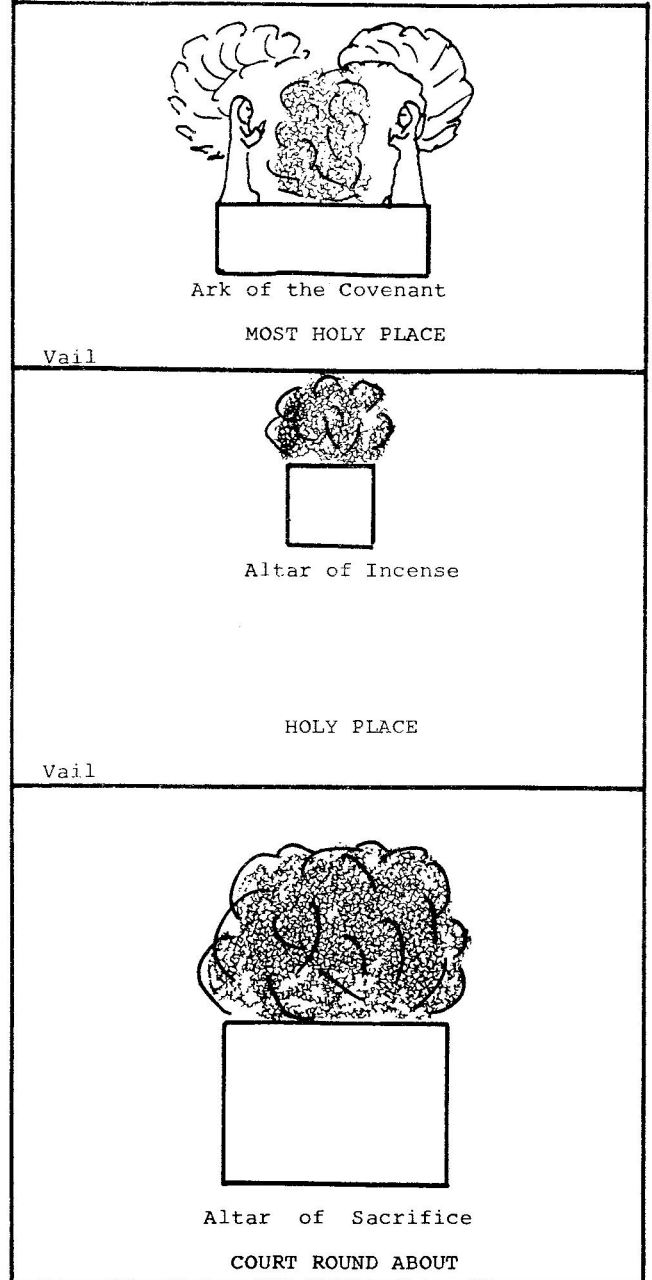

There are three primary forms of CLOUDS, such as (1) Cirrus (2) Cumulus and (3) Stratus.

These CLOUDS conform to the Clouds in the Tabernacle.

CLOUDS IN THE TABERNACLE (Exodus 25th chapter)

"And Yahweh spake unto Moses, speak unto Aaron thy brother, that he come not at all times into the Holy Place within the vail before the Mercy Seat, which is upon the ark; that he die not: for I will appear IN THE CLOUD upon the Mercy Seat " (Leviticus 16:2).

"And thou shalt make an altar to burn incense upon: of shittim wood shalt thou make it" (Exodus 30:1).

"And he shall take a censer full of burning coals of fire from off the altar before Yahweh, and his hand full of sweet incense beaten small, and bring it within the vail: And he shall put the incense upon the fire before Yahweh, that the CLOUD may cover the Mercy Seat that is upon the testimony, that he die not" (Leviticus 16:12-13).

"The fire shall be ever burning upon the altar; it shall never go out" (Leviticus 6:13).

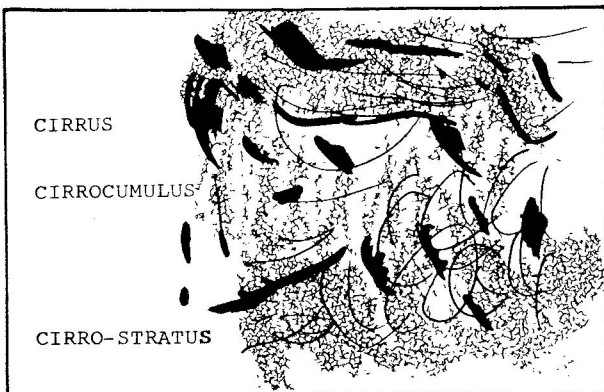

Many offerings were burned upon the altar of sacrifice forming a CLOUD of smoke.

DOME SHAPED CLOUDS REPRESENT MOUNT SINAI

"AND IT CAME TO PASS ON THE THIRD DAY IN THE MORNING, THAT THERE WERE THUNDERS AND LIGHTNINGS, AND A THICK CLOUD UPON THE MOUNT" (Exodus 19:16).

CLOUDS IN THE GREATER AND MORE PERFECT  
 TABERNACLE (THE UNIVERSE) Hebrews 8:1-2

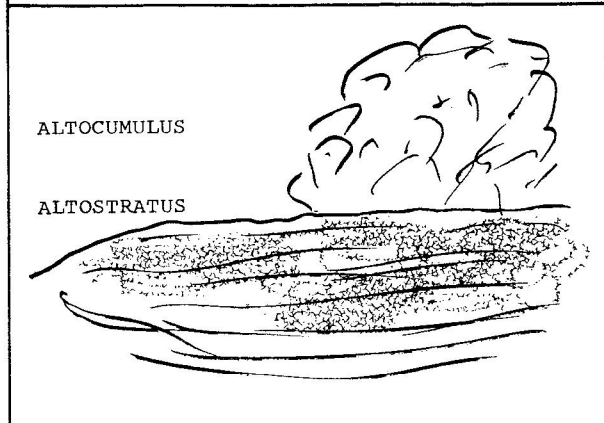

White feather CLOUDS (wings of the Cherubims), that are formed high above all others.

Small roundish masses lying near each other.

Darker, sunshine on these produce a halo phenomena (light between wings of Cherubs).

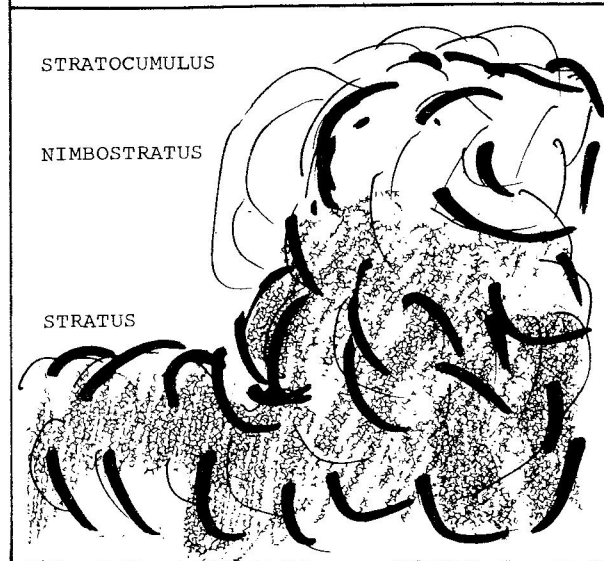

The cumulus or heap, a cloud which assumes the form of dense convex or conical heaps, resting on a flat base.

Thick bluish-gray (smoke on altar). These CLOUDS are in a heap with a flat base (altar of incense).

Fleecy formation, balls or puffs (depict the round cakes of bread on table of shewbread).

The sun produces a corona when it shines on these CLOUDS (there was a crown around the table of shewbread), and a candlestick for light in Holy Place.

Large rolls, cover the whole sky. The smoke of the sacrifices filled the whole area of the Court Round About.

Rainclouds (continuous), represent laver of water.

Stratus clouds are in all three areas, and have a great horizontal extension, appear as a blanket. These represent the coverings for the vessels in the three compartments of the tabernacle (Num. 4th chapter).

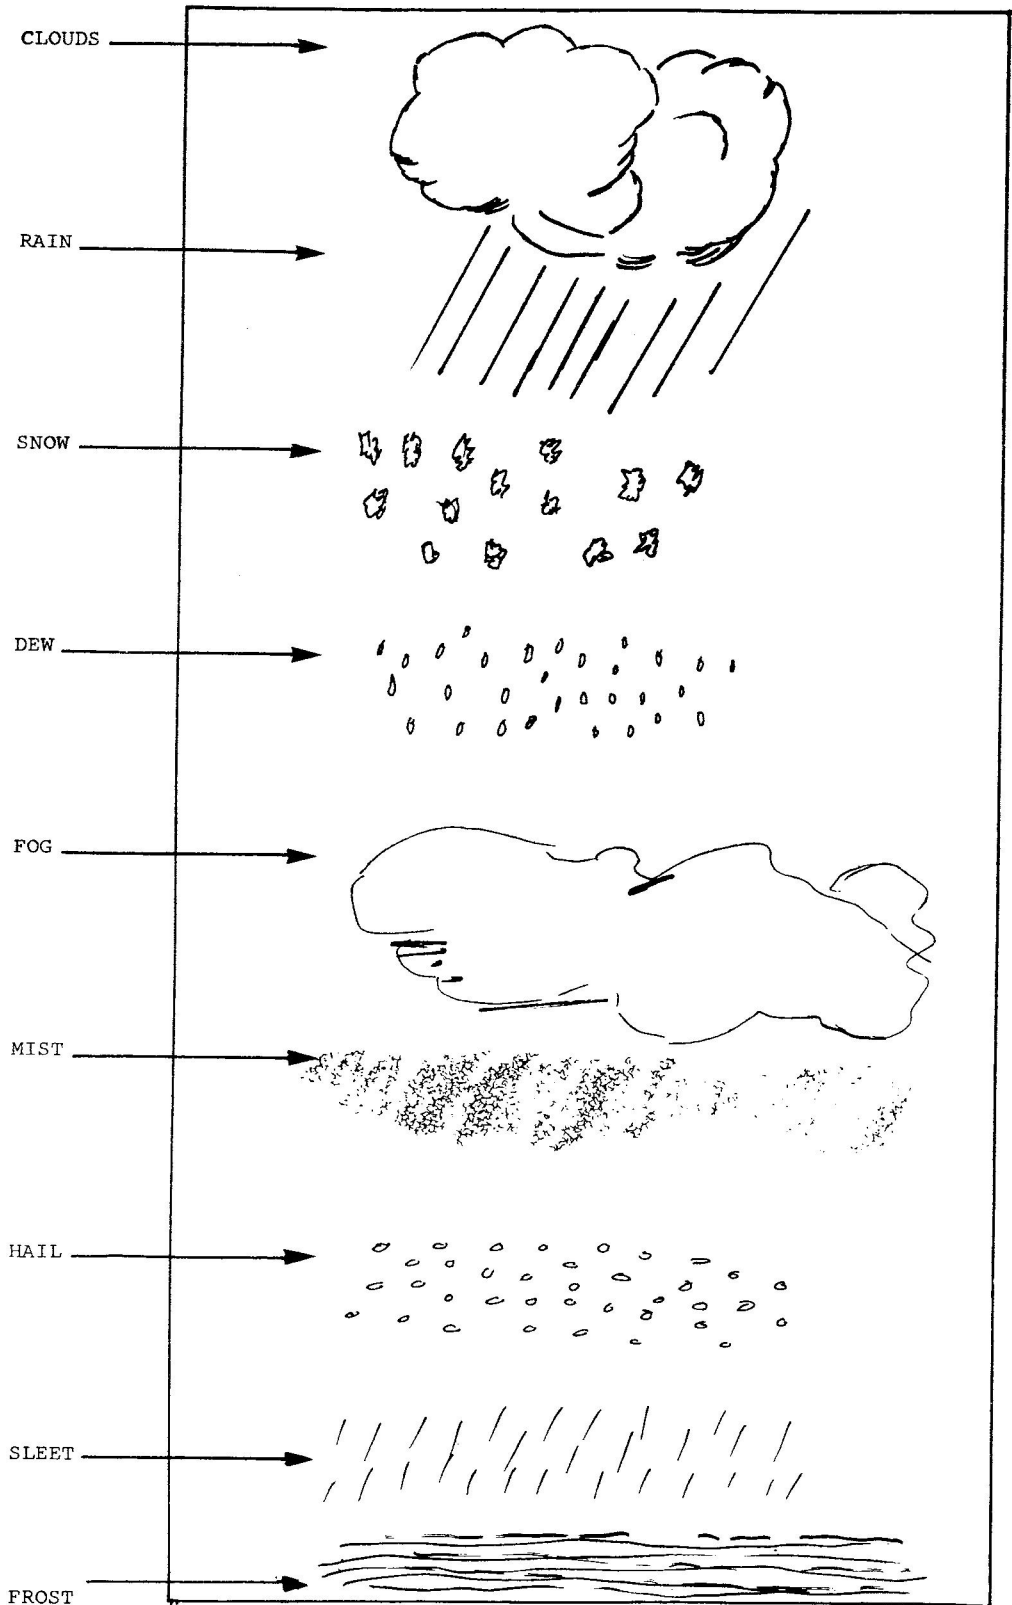

The fourth family of CLOUDS are called "clouds with vertical development," these are:

CUMULUS which are DOME SHAPED

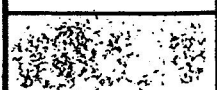

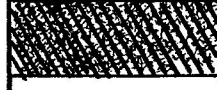

CUMULO-NIMBUS which are called THUNDERHEADS, they extend in all areas

NINE (9) KINDS OF PRECIPITATION ON EARTH

All precipitation begins with the cooling and condensing of water vapor. The form on which it finally reaches earth depends on THREE variables: (1) air currents, (2) temperature and (3) humidity.

THE NINE MAJOR CLIMATES ON PLANET EARTH

Rainy Tropical		Hot, rain throughout the year
Wet-dry tropical		Rain only one season
Semiarid		Hot to cold, little rain in any season
Desert		Hot to cold all seasons very dry
Warm-rainy		Warm summers cold winters, rain all year
Warm-rainy dry summer		Warm summers (dry), cold winters (rainy)
Cold moist		Cold winters, hot summers some rain or snow in all seasons
Polar		Long cold winters, short warm summers, little rain or snow
Ice cap		Very cold winters, cold in summer, little rain or snow

CLIMATES OF THE WORLD: very wet  
humid  
subhumid

semiarid  
arid  
taiga (cool and dry)

tundra (cold and dry)  
ice cap  
mountains; colder, wetter  
than adjoining lowlands
